Audience Authority Garcia Lorca:

Audience and Authority in the Modernist Theater of Federico García Lorca C. Christopher Soufas (Jr.), 1996
Audience and Authority in the Modernist Theater of Federico Garcia Lorca is the first book to provide a reading of Lorca's theater from the vantage point of Modernist aesthetics as well as historical performance dynamics. It is premised on the assumption that Lorca's theater emerges as a consequence of an ongoing dialog with his historical audience, a rather conservative and uncultured milieu that had largely dictated the theater agenda of the Madrid theater scene during the 1920s. *Federico García Lorca* Simon Breden, 2024-08-26
Lauded as one of the most important poets and playwrights of the twentieth century, Federico García Lorca was also an accomplished theatre director with a clear process and philosophy of how drama should be staged. Directing both his own work and that of others, Lorca was also closely involved in the rehearsals for productions of many of his plays, and from his own writings and those of his collaborators, a determined agenda to stimulate audiences and renovate theatre can be seen. This is the first book in English to fully consider Lorca as a director and his rehearsal methodology. The book combines a biographical account of Lorca's work as a director and rehearsal leader, revealing his techniques and methods of approach, texts, an exploration of his key writings on and around theatre, drawing on his talks, play introductions, and some of the dramatic works themselves. The first translation into English of his fragment *Dragón*. A detailed discussion of Lorca's key productions: Lope de Vega's *Fuente Ovejuna* (1933) for La Barraca and his own *Yerma* (1934). Specific focus on the practical applications that we can draw from Lorca's methods, both from what survives of his own work and from the accounts of his close collaborators. As a first step towards critical understanding and as an initial exploration, before going on to further primary research. *Routledge Performance Practitioners* offer unbeatable value for today's student.

Lorca's Experimental Theater Andrew A. Anderson, 2024-11-25
Critical and historical discussions of the life and work of Federico García Lorca, Spain's foremost poet and playwright of the twentieth century, often obscure the author's more avant-garde dramatic works. In *Lorca's Experimental Theater*, Andrew A. Anderson focuses on four of Lorca's most challenging plays: *Amor de don Perlimplín con Belisa en su jardín*, *El público*, *As que pasen cinco años*, and *El sueño de la vida* (previously known as *Comedia sin título*) and on the surrounding context in which they came to be written and in only one case performed during his lifetime. While none of Lorca's plays can be considered conventional, these four works stand out in his corpus for challenging theatrical conventions, most forcefully both thematically and technically. With discussions of stagecraft, artistic modernism, and the historical avant-garde, *Lorca's Experimental Theater* provides detailed interpretive readings of the four plays, surveys their textual and performative history, and examines the most important contemporary influences on Lorca's creation of these expressive, innovative works.

Critical Survey of Drama: Maria Irene Fornes - Tina Howe, 2003
The Creative Process of Els Joglars and Teatro de La Abadía Simon Breden, 2014
The rehearsal processes of theatre companies are an oft-neglected area of research in Drama and Performance Studies. This work on the

Catalan devising collective Els Joglars and the Madrid producing venue Teatro de la Abad a seeks to redress the balance with a close analysis of methodologies employed in rehearsal In effect both companies have created distinctive rehearsal processes by applying ideas and techniques from a wider European context to a Spanish theatre scene which had been seen to follow rather than develop trends and techniques visible in theatre across France Italy and Germany Critically their hybrid rehearsal processes generate heightened theatrical results for the audience Thus the book shifts the focus of academic study away from product and towards process demonstrating how an understanding of process assists in the reading of the theatrical product
