Liquid Scripture Jeffrey S. Siker, 2017-09-01 The electronic Bible is here to stay packaged in software on personal computers available as apps on tablets and cell phones Increasingly students look at glowing screens to consult the Bible in class and congregants do the same in Bible study and worship Jeffrey S Siker asks what difference does it make to our experience of Scripture if we no longer hold a book in our hands if we again scroll through Scripture How does the flow of electronic Scripture change our perception of the Bible's authority and significance Siker discusses the difference made when early Christians adopted the codex rather than the scroll and Gutenberg began the mass production of printed Bibles He also reviews the latest research on how the reading brain processes digital texts and how churches use digital Bibles including American Bible Society research and his own surveys of church leaders Siker asks does the proliferation of electronic translations reduce the perceived seriousness of Scripture Does it promote an individualistic response to the Bible How does the change from a physical Bible affect liturgical practice His synthesis of the advantages and risks of the digitized Bible merit serious reflection in classrooms and churches alike

Biblical Studies on the Internet Roland H. Worth, Jr., 2008-09-18 The new edition includes more than 4 800 resources available at more than 10 000 Internet sites that provide information on a range of biblical study topics including Bible translations in English and other languages audio translations of the Bible in English and other languages commentaries dictionaries and other resource materials including ones in Greek Hebrew and other ancient languages The author also has adopted a new method of referencing and cataloging the most widely used web pages to facilitate a major expansion of resources without increasing the physical length of the book itself In cases when ten or more resources are listed on a single web page the author has assigned the web page a three digit code The code is used to identify this web page as a major resource within the main text while any needed instructions for use of the site are cross referenced separately in the final chapter In adopting this concise method the author was able to add hundreds of additional or updated web resources a surprising number of which can be downloaded onto a hard drive for immediate and continued use

Scarlata,2013-05-14 In a wide ranging meditation on the Cain and Abel narrative Mark Scarlata draws out theological motifs relevant to Christian discipleship in a modern Western context Taking his cue from Augustine's City of God Scarlata brings to light what it means for a Christian to be a citizen of the heavenly city in this midst of a twenty first century globalized society He argues that Christians can no longer think of discipleship merely as a personal individual undertaking but must recognize their role and responsibility as citizens in a global community Each chapter raises questions like How do we offer our best in worship when we live in a world driven by consumerism How can we love others through our participation in the global economy Are our lifestyles treating the environment in a way that is pleasing to God And how do we authentically connect to each other in a digital age of social media and mobile technology These and other issues are addressed in relation to scenes from the Cain and Abel story Each discussion highlights ancient Jewish and Christian interpretation as well as how a particular topic is understood within the broader context of the Old and New Testaments Scarlata then offers ways that Christians might respond to the cultural shifts experienced by this generation and encourages readers to rethink what it means to be a citizen of God's kingdom with a local and global awareness in every aspect of life **International Review of Biblical Studies, Volume 53 (2006-2007)** Bernhard Lang,2008-02-28 Formerly known by its subtitle Internationale Zeitschriftenschau f r Bibelwissenschaft und Grenzgebiete the International Review of Biblical Studies has served the scholarly community ever since its inception in the early 1950 s Each annual volume includes approximately 2 000 abstracts and summaries of articles and books that deal with the Bible and related literature including the Dead Sea Scrolls Pseudepigrapha Non canonical gospels and ancient Near Eastern writings The abstracts which may be in English German or French are arranged thematically under headings such as e g Genesis Matthew Greek language text and textual criticism exegetical methods and approaches biblical theology social and religious institutions biblical personalities history of Israel and early Judaism and so on The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered **Where Shadows Hide the Sun, The Last Years** D.
