Audit Risk and Materiality in Conducting an Audit

***Inherent Risk (IR)* – the risk linked to the activity itself assuming there are no related controls**

Example: Registrant performs activities linked to the bulk power system operations and planning. Registrant has no documentation and not trained staff to perform requirements under a Reliability Standard

Others?

¹A material misstatement under Reliability Standards would be a requirement under a standard is not being met and it's a material impact to the bulk power system or has the potential to materially impact the reliability of the bulk power system.
