Augustan Worlds:

Augustan Worlds Arthur Raleigh Humphreys,1978 **Augustan Worlds** ,1978 *Factions' Fictions* Daniel Eilon,1991-07 An understanding of the linguistic political and moral ramifications of Private Spirit the parochialism and partiality typical of clubs parties and cabals provides insights into the logic behind Swiftian polemic and satire Swiftian satire an essentially private joke offering exclusive satisfaction to an elite fraternity of insiders is shown to be a creative rhetorical adaption of private spirit The Classical World Robin Lane Fox,2006-10-09 Armies and empires statesmen and tyrants the acclaimed historian Robin Lane Fox vividly recounts the history of two great civilizations and one thousand years that forged the Western world Antonio Gramsci and the Ancient World Emilio Zucchetti,Anna Maria Cimino,2021-06-14 Antonio Gramsci and the Ancient World explores the relationship between the work of the Italian Marxist thinker Antonio Gramsci and the study of classical antiquity The collection of essays engages with Greek and Roman history literature society and culture offering a range of perspectives and approaches building on Gramsci s theoretical insights especially from his Prison Notebooks The volume investigates both Gramsci s understanding and reception of the ancient world including his use of ancient sources and modern historiography and the viability of applying some of his key theoretical insights to the study of Greek and Roman history and literature The chapters deal with the ideas of hegemony passive revolution Caesarism and the role of intellectuals in society offering a complex and diverse exploration of this intersection With its fascinating mixture of topics this volume will be of great interest to students and scholars of classics ancient history classical reception studies Marxism and history and those studying Antonio Gramsci s works in particular Gulliver's Travels - Jonathan Swift, New Edition Harold Bloom,2009 Presents a collection of essays analyzing Jonathan Swift s Gulliver s travels including a chronology of the author s works and life *The Classical World* ,1907 Gender, Memory, and Identity in the Roman World Jussi Rantala,2025-10-01 This volume approaches three key concepts in Roman history gender memory and identity and demonstrates the significance of their interaction in all social levels and during all periods of Imperial Rome When societies as well as individuals form their identities remembrance and references to the past play a significant role The aim of Gender Memory and Identity in the Roman World is to cast light on the constructing and the maintaining of both public and private identities in the Roman Empire through memory and to highlight in particular the role of gender in that process While approaching this subject the contributors to this volume scrutinise both the literature and material sources pointing out how widespread the close relationship between gender memory and identity was A major aim of Gender Memory and Identity in the Roman World as a whole is to point out the significance of the interaction between these three concepts in both the upper and lower levels of Roman society and how it remained an important question through the period from Augustus right into Late Antiquity **Paul and the Conflict of Cultures** E. A. Judge,2019-10-09 The catastrophes of the twentieth century have decisively broken the grip of Aristotle s fixed universe on our minds Society is no longer the logical

category of statecraft that is to determine our lives The glorious horrors of fascism discredited the survival of the fittest upstaged even by the compulsory class equality of the Soviets Instead we now appeal to culture and mutual communication as we hope to grow together in response to each other The universe itself at last is open ended Particle physics and the genetic code ensure diversity for us all Our individual gifts will reveal our identity and our mission in life We are indeed personally answerable for the choices we make The twenty first century s great leap forward is Jerusalem s long foreshadowed answer to Athens Not logic but experiment has been the mainspring that has unlocked it The transformed life of the apostle Paul in Christ first experienced the developmental prospect that has inspired the cultural reformation of our time
