Hugh Houghton

Augustine Latine:

Augustine's Text of John Hugh Houghton,2008-09-04 A reconstruction of how Augustine one of the most famous and productive theologians in the Western Church used the Bible based on information in his writings and surviving manuscripts Includes a commentary on Augustine s text and exegesis of the Gospel according to John **The Syntax of the De Civitate Dei of St. Augustine ...** Sister Mary Columkille Colbert,1923 Augustine and the Latin Classics Harald Hagendahl,1967

A Commentary on Augustine's De cura pro mortuis gerenda Paula Rose,2013-05-16 In De cura pro mortuis gerenda Augustine interweaves an assessment of burial near the memorial of a martyr with a series of dream narratives The seeming lack of coherence between argument and narrative in this treatise has puzzled many scholars Combining an analysis of the overall structure of the argument and a detailed philological commentary this study shows that Augustine s text forms a well composed unity The study is based on discourse linguistic and narratological concepts as well as an analysis of the global structure of the narratives Relying on this combined approach Rose demonstrates how Augustine explores the full breadth of his narrative material in the service of his argument In addition this book situates Augustine s text in its cultural historical context *The Sources of the First Ten Books of Augustine's De Civitate Dei* Samuel Angus,1906 *The Rare and Late Latin Nouns, Adjectives, and Adverbs in St. Augustine's De Civitate Dei* Catherine of Siena Mahoney,1935

Augustine Latine Wallace S. Jungers,2002-08 Why do the officials always throw a penalty flag just when your favorite football team makes a spectacular play or scores the winning touchdown It seems like your team not only has to beat the opposing team but they have to beat the officials too Maybe the officials are supposed to throw the flag at the right time Are the games fixed Who are these monsters in black and white stripes Where do they come from and where do they go after the game What dark secrets are they trying to hide Come into the world of the Universal Football League where the truth is twisted and sex booze and drugs run rampant At least with the officials **Latine et graece** Edgar Solomon Shumway,1885 **Saint**

Augustine's De Fide Rerum Quae Non Videntur Saint Augustine (of Hippo),1950 **Bilingualism and the Latin Language** J. N. Adams,2003-01-09 Since the 1980s bilingualism has become one of the main themes of sociolinguistics but there are as yet few large scale treatments of the subject specific to the ancient world This book is the first work to deal systematically with bilingualism during a period of antiquity the Roman period down to about the fourth century AD in the light of sociolinguistic discussions of bilingual issues The general theme of the work is the nature of the contact between Latin and numerous other languages spoken in the Roman world Among the many issues discussed three are prominent code switching the practice of switching between two languages in the course of a single utterance and its motivation language contact as a cause of change in one or both of the languages in contact and the part played by language choice and language switching in the establishment of personal and group identities **A History of Christian-Latin Poetry from the Beginnings to the Close of the Middle Ages** Frederic James Edward Raby,1927 **A Brief Declaration of the Lord's**

The Syntax of the Confessions of Saint Augustine Mary Raphael Arts,1927 **Ideas on Language in Early Latin Christianity** Tim Denecker,2017-08-28 In *Ideas on Language in Early Latin Christianity* Tim Denecker investigates in a comprehensive and systematic way the views held on the history diversity and properties of language s by Christian Latin authors from Tertullian b c 160 to Isidore of Seville d 636 This historical period witnessed various sociocultural changes affecting linguistic situations and the ways in which these were perceived Christian intellectuals were confronted with languages other than Latin in the context of the propagation of faith and in reflecting on language were bound to comply with the relevant biblical accounts Whereas previous research has mostly focused on the indeed vital contribution of Augustine the present study reveals the diversified and dynamic nature of linguistic reflection in early Latin Christianity
