

# Characterization

**Definition:** The process by which the writer reveals the personality of a character. There are two types of characterization:

- **Direct Characterization:** The author *tells* the reader what the personality of the character is like.
- **Indirect Characterization:** The author *shows* things that reveal the personality of the character.
- How might an author use *direct* characterization to show the readers the Grinch's personality? How might he use indirect characterization?
