Charades Adrienne McGlinchey And The Donegal Gardai:

Charades Karen McGlinchey, 2005 The Morris Report published in the summer of 2004 identified widespread and significant corruption and malpractice among members of the Garda Síochána in Co Donegal It was one of the most trenchant and unambiguous tribunal reports of modern times Tribunal In this book written by her sister her story is told Hers was a classic case of a vulnerable young woman first putting herself into self glamorising situations but later finding herself cynically and cruelly exploited by bullies apparent information to the guards was anything other than bizarre But the real scandal developed when Adrienne was then used as part of an elaborate scheme to win promotion for two guards in particular by the planting of fake and false evidence relating to IRA terrorism This is not just one woman s story of weakness and exploitation It is also a searing insight into a Garda culture that requires urgent remedial action **The Guarding of**

Ireland - The Garda Síochána and the Irish State 1960-2014 Conor Brady, 2014-09-26 A very timely analysis of the Garda Síochána the Irish police force as it navigates one of the most difficult years since its foundation It is a story marked by success and failure by attempted reform and resistance to change by outstanding individual performance and deplorable lapses in discipline More than an account of policing and politics this is the story of the Republic s troubled coming of age In this excellent history of the Garda Síochána the Irish police force Conor Brady the most authoritative historian of Irish policing explores its successes its failures and the biggest challenges it has faced from 1960 to 2014 and looks at the recent spate of crises around the Garda Síochána Ombudsman Commission GSOC leading to the resignation of Justice Minister Alan Shatter and Garda Commissioner Martin Callinan that have rocked the force to its very core Beginning with one of the Garda s greatest tests maintaining the security of the Irish State during the Northern crisis and the Troubles Brady goes on to chronicle the emergence of guns in Irish criminal life and the rapid expansion of the domestic drug trade and related gangland warfare focussing on the interactions of the Garda and major Irish crime kingpins including Martin the General Cahill Gerard the Monk Hutch and John Gilligan alleged killer of Veronica Guerin Acknowledged as one of the successes of the independent Irish State the Garda Síochána has not been without its flaws and its failings and the author does not shy away from exploring these *The Guarding of Ireland* comprehensively covers the recent crisis surrounding the alleged bugging of the Garda Síochána Ombudsman Commission GSOC privacy concerns in relation to the recording of Garda phone calls and the penalty points whistle blower controversy that led to the resignation of Garda Commissioner Martin Callinan and Justice Minister Alan Shatter Other fascinating subjects explored are how the supposed operational independence of the organisation has led to clashes with those in political authority from Charlie Haughey to Desmond O Malley the difficulties surrounding structural reform and the author s thesis that there is a distinct correlation between the political health of the State and the way its police discharge their functions *The Guarding of Ireland* focuses on Irish policing from 1969 which saw both the publication of the Conroy report and the commencement of the Troubles up to the current and ongoing scandals

that this year have led to the resignation of both a commissioner and a minister for justice The Guarding of Ireland is hellip as much an analysis of the politics of policing as it is of the policing itself The Troubles the modernisation of the force and the rise in crime drugs and organised crime are all documented in a style that is detailed but still engaging Vicky Conway The Irish Times Weekend Review The Guarding of Ireland traces the history of An Garda S och na from 1960 to the present day It is a fascinating narrative that should be compulsory reading for anybody associated with the current attempts to reform the force and how it is governed For every vignette of personal heroism like that of Garda Michael Reynolds for every case of dedicated public service from individual members there are also examples of a culture that leaves much to be desired What emerges from these pages is that the culture within the force is attributable to a great extent to attitudes and oversight from its political masters In this regard nothing looms as large as the darkest days of the Troubles Mick Clifford Irish Examiner

Policing Twentieth Century Ireland Vicky Conway,2013-08-15 The twentieth century was a time of rapid social change in Ireland from colonial rule to independence civil war and later the Troubles from poverty to globalisation and the Celtic Tiger and from the rise to the fall of the Catholic Church Policing in Ireland has been shaped by all of these changes This book critically evaluates the creation of the new police force an Garda S och na in the 1920s and analyses how this institution was influenced by and responded to these substantial changes Beginning with an overview of policing in pre independence Ireland this book chronologically charts the history of policing in Ireland It presents data from oral history interviews with retired garda who served between the 1950s and 1990s giving unique insight into the experience of policing Ireland the first study of its kind in Ireland Particular attention is paid to the difficulties of transition the early encounters with the IRA the policing of the Blueshirts the world wars gangs in Dublin and the growth of drugs and crime Particularly noteworthy is the analysis of policing the Troubles and the immense difficulties that generated This book is essential reading for those interested in policing or Irish history but is equally important for those concerned with the legacy of colonialism and transition *Orwellian Ireland* Brian Nugent,2007-10-29 Inspired by the book Stasiland this work is an attempt to see if some of the state practices that flourished in Communist Eastern Europe might be replicated in modern Ireland It goes into the question of intelligence agencies what agencies are active in Ireland how they harass dissidents their use of modern technology and their role in secretly supporting paramilitary groups in Ireland and around the world It includes a lot of first hand testimony of state harassment and even torture which is on a par with what happened in countries like East Germany Finally it concludes with some searching questions about the real government policies being pursued in Ireland Irish
