## **Charge The Reason Why The Light Brigade Was Lost:**

**The Charge** Mark Adkin, 2004 A definitive and highly readable account of the charge of the Light Brigade at Balaclava in the Crimean War brought fully up to date to mark the 150th anniversary The charge of the Light Brigade is one of Britain's best known glorious military disasters On 25 October 1854 during the siege of Sebastopol the Light Brigade attacked Russian gun positions at Balaclava The charge lasted 7 minutes of 673 officers and men who went into action 247 men and 497 horses were lost This book shatters many long held conceptions of how and why it happened and who was to blame Mark Adkin a former professional soldier has combined military expertise and detailed research of participants accounts with a careful examination of the actual ground His story switches carefully from the strategic and tactical problems of the battlefield to what it was like for the trooper riding down the valley or a Russian gunner serving his cannon Through the novel use of sketches the reader can at every stage look down on the battlefield from the same position as that used by the British commander in chief Lord Raglan He sees the situation as Raglan saw it when he gave his order that launched the Brigade down the valley of death Raglan gave the order Captain Nolan delivered it Lord Lucan received it and the Earl of Cardigan executed it History has disagreed over the share of the blame This book makes a masterly analysis of the probabilities and discusses factors previously overlooked There is a cogent argument never made before that the blunder was deliberate The result is a gripping and definitive study of a debacle that has never ceased to enthral the imagination
