

ADDITIONAL UPS CHARGES FOR INCORRECT ADDRESSES

Dear Valued Clients:

We have noticed a recent influx of charges resulting from incorrect or incomplete addresses for packages shipping with "UPS" to client addresses.

We want to make you aware that **UPS charges \$21 for an address correction**. Whether they deliver or return the package, and UPS determines what is correct or incorrect. That can mean a multitude of incomplete or incorrect information in an address including but not limited to: missing or incomplete UNIT information, incorrect zip codes, incorrect business name, etc.

Please be sure to always include the full business name, street address, UNIT information, and zip code (cities often have more than one zip code). Also, it is helpful if there is a phone number and contact name.

Please be aware that per the UPS terms and conditions, address correction charges apply to packages that have incorrect or incomplete information. Upon review with UPS and the shipping instructions you have provided, if determined that the error is due to no fault of Kevron, these additional charges and fees will be added onto your final invoice.

ADDITIONAL CHARGES: If UPS is unable to deliver the package, we/you will also receive an additional charge for the cost of the package(s) to be returned to Kevron Printing.

This means charges for a returned package can be as high as \$21 PLUS cost of shipping the return packages.

UPS software does not auto-correct addresses, nor can we on a regular basis check to see if the your provided addresses are correct. If we see a discrepancy we will notify you for proper information but **WE DO NOT PROOF shipping addresses**.

We highly encourage you to update your records to avoid any address correction fees in the future. For any other questions please let us know.
