Chariots of the Gods Erich von Daniken,2019-06-27 All over the world there are fantastic ruins and objects that cannot be explained by conventional history archaeology or religion In the ground breaking Chariots of the Gods Erich von Daniken provides answers to these questions why do religious texts often refer to Gods who descend from fiery chariots Why do modern space launch sites look like constructions on the plains of Nazca in Peru Was God an astronaut By looking at human history and the ruins of ancient civilisations with an open mind Erich von Daniken offers a new solution to these eternal mysteries in Chariots of the Gods Why for instance do the world s sacred books describe Gods who came down from the sky in fiery chariots and always promised to return How could an ancient Sanskrit text contain an account which could only be of a journey in an alien craft Compare photographs of American space centre launch sites to the constructions on the plains of Nazca in Peru In order to understand the mysteries which Erich von Daniken has catalogued we must go back to these ancient relics with an open mind We must call in the resources and experience of sciences other than archaeology Chariots of the Gods is a provocative attempt to explain some of the universe s most interesting mysteries Erich von Daniken has spent a lifetime gathering evidence to prove that before the dawn of recorded history our ancestors were visited by an alien race Erich von Daniken was responsible for popularising the ancient astronaut hypothesis of human development Orthodox historians have been sceptical but a vast public have been drawn to his ideas by instinctive interest and wonder His 26 books have sold over 60 million copies in over 40 languages Paperbound Books in Print ,1992 The Chariot of Fire Bernard De Voto,1926 *Chariots of the Gods* Erich Von Daniken,1999-01-01 AS SEEN ON ANCIENT ALIENS Now in a beautiful 50th anniversary edition with a new foreword and afterword by the author this is the groundbreaking classic that introduced the theory that ancient Earth established contact with aliens Immediately recognized as a work of monumental importance Chariots of the Gods endures as proof that Earth has been visited repeatedly by advanced aliens from other worlds Here Erich von D niken examines ancient ruins lost cities spaceports ufos and a myriad of hard scientific facts that point to extraterrestrial intervention in human history Most incredible of all however is von D niken s theory that we are the descendants of these galactic pioneers and he reveals the archaeological discoveries that prove it The dramatic discoveries and irrefutable evidence An alien astronaut preserved in a pyramid Thousand year old spaceflight navigation charts Computer astronomy from Incan and Egyptian ruins A map of the land beneath the ice cap of Antarctica A giant spaceport discovered in the Andes Includes remarkable photos that document mankind s first contact with aliens at the dawn of civilization *Something about the Author* Kevin S.
