**The Doctrine of the Holy Spirit** Yacob Godebo,2025-07-03 The Scriptures teach the church that in biblical times the coming of the Holy Spirit equally entailed objective gift of divine reality and subjective experience of his presence gifts and works There was objective pouring out and imparting of the Holy Spirit from the divine side and subjective experiential demonstration from the receivers side which resulted from the gifts endowed and power imparted along with the Holy Spirit Having given them either verbally uttered or visibly performed gifts the Holy Spirit then moved believers towards practical demonstration through subjective experience Believers subjective experience took place only as a result of the objective gift of the Holy Spirit and the resulting endowment and empowerment Thus in the objective content of his manifestation the Holy Spirit is the objective gift of God to indwell his people In the subjective content of his manifestation the Holy Spirit endows people with audibly uttered or visibly performed gifts The subjective experience of the Holy Spirit s presence therefore is an original theological input from God just like the objective impartation of the Holy Spirit Practitioners were just objects of divine purpose and their subjective experience was divine provided and divine initiated genuine experience beyond their consciousness and calculation Reception of the Holy Spirit therefore means equally an experience of his presence gifts power and works in the church and in with and through believers from Hosanna to Maranatha
