Charles The Great:

A History of Charles the Great J. I. Mombert,2018-01-19 THE three grandest names of Carolingian lineage are so closely connected and so nearly contemporary that the history of one of their number necessarily involves that of the others For this reason a sketch of the memorable career of the first Charles surnamed the Hammer may not be an inappropriate introduction to the life of his grandson and namesake called the Great **Charles The Great - Charlemagne** Pauline

A History of Charles the Great (Charlemagne) J.-I. Mombert,1888

The Life of Charlemagne Thomas Hodgkin,2019-06-07 In the gradual transformation of the old world of classical antiquity into the world with which the statesmen of today must deal no man played a greater part than Charles the Great King of the Franks and Emperor of Rome The sharp lines of demarcation which we often draw between period and period and which are useful as helps to memory have not for the most part had any real existence in history for in the world of men as in the development of the material universe it is true that uniformity rather than cataclysm is the rule Naturanon vadit per saltum Still there are some great landmarks such as the foundation of Constantinople Alaric s capture of Rome the Hegira of Mohammed the discovery of America the Reformation and the French Revolution which have no merely artificial existence We can see that the thoughts of the great majority of civilized men were suddenly forced into a different channel by such events that after they had occurred men hoped for other benefits and feared other dangers than they had looked for before these events took place And such a changeful moment in the history of the world was undoubtedly the life of the great ruler who is generally spoken of as Charlemagne and preeminently the year 800 when he was crowned as Emperor at Rome

WELLS,2019 **The Age of Charlemagne** Charles L. Wells,2015-07-19 Excerpt from The Age of Charlemagne Charles the Great While conscious all the time of writing for many who will have no time to pursue the history further I have endeavored by going deeply enough into the subjects I have considered to make the book of value to those who desire already or to those in whom I hope it may inspire a desire to continue the study and to make investigations for themselves I have let the sources speak for themselves as far as possible not only in order to be more accurate but also because thereby a greater vividness and reality could be assured I have dealt largely with the political side of the subject as the title requires and as the nature of the history demands About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

absolutely necessary to study some of its earlier members It will be observed that though I generally speak of my hero as Charles I have not absolutely declined to use the familiar compound Charlemagne This is done with no disrespect to the teaching of my honoured friend the late Prof Freeman who first lifted up his voice against this form of the name About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
