Charles Du Moulin 1500 1566:

Great Christian Jurists in French History Olivier Descamps,Rafael Domingo,2019-05-16 French legal culture from the Middle Ages to the present day has had an impressive influence on legal norms and institutions that have emerged in Europe and the Americas as well as in Asian and African countries This volume examines the lives of twenty seven key legal thinkers in French history with a focus on how their Christian faith and ideals were a factor in framing the evolution of French jurisprudence Professors Olivier Descamps and Rafael Domingo bring together this diverse group of distinguished legal scholars and historians to provide a unique comparative study of law and religion that will be of value to scholars lawyers and students The collaboration among French and non French scholars and the diversity of international and methodological perspectives gives this volume its own unique character and value to add to this fascinating series

Custom, Law, and Monarchy Marie Seong-Hak Kim,2021 Custom Law and Monarchy explores how law evolved in early modern France from an amalgam of customs Roman and canon law royal edicts and judicial decisions to the unified Civil Code of 1804 In exploring the history of this codification of law Marie Seong Hak Kim lays out a new way of understanding French history

Popular Sovereignty in Early Modern Constitutional Thought Daniel Lee,2016-02-19 Popular sovereignty the doctrine that the public powers of state originate in a concessive grant of power from the people is the cardinal doctrine of modern constitutional theory placing full constitutional authority in the people at large rather than in the hands of judges kings or a political elite This book explores the intellectual origins of this influential doctrine and investigates its chief source in late medieval and early modern thought the legal science of Roman law Long regarded the principal source for modern legal reasoning Roman law had a profound impact on the major architects of popular sovereignty such as Fran ois Hotman Jean Bodin and Hugo Grotius Adopting the juridical language of obligations property and personality as well as the classical model of the Roman constitution these jurists crafted a uniform theory that located the right of sovereignty in the people at large as the legal owners of state authority In recovering the origins of popular sovereignty the book demonstrates the importance of the Roman law as a chief source of modern constitutional thought

Refusing to Kiss the Slipper Michael Wilson Bruening,2021 Refusing to Kiss the Slipper reveals that the French Reformation was more complex and colorful than previously recognized History has long viewed all French Protestants as Calvinists this book by contrast tells the stories of French Protestants who opposed and often detested John Calvin These opponents believed that Calvin had set himself up as a Protestant pope demanding obedience to his own religious authority They believed Calvin s self appointed leadership undermined the bedrock principle of the Reformation that the faithful be allowed to challenge religious authorities
