## **Charles Gavan Duffy The Australian Fed:**

**Charles Gavan Duffy and the Australian Federation Movement, 1856-70** John Manning Ward, 1961 The Centenary Companion to Australian Federation Helen Irving, 1999-12-06 Published to mark the centenary of Federation this important book explores Australia's national origins in a comprehensive and accessible way. A high calibre team of writers has been gathered to write the first ever comprehensive general history of Federation. Starting from the perspective of the individual colonies as they made their way towards membership of the Australian Commonwealth in 1901, the book also provides cross-referenced short alphabetical entries covering key events, people and concepts. It approaches Federation not simply as a formal political story but as a social and cultural process, maintaining the relevance of nation-making by highlighting ongoing debates about democracy, sovereignty and progressive citizenry. A major contribution to the Centenary of Federation, this book should become a standard reference for scholars, students and general readers in the continuing discussions of Australia's future as a nation.

**The Victorian Premiers, 1856-2006** Paul Strangio, Brian J. Costar, 2006 In the century and a half since Victoria was granted responsible government in 1856, 44 premiers have presided over the state and colony from Honest William Haines to Steve Bracks. Here is their story. For the first time, this book brings together a comprehensive collection of biographical and political portraits of the Victorian premiers, written by leading Australian historians and political scientists. The result is a compelling journey through a turbulent, occasionally anarchic political landscape. A cast of fascinating characters is brought to life: the mercurial Graham Berry, who in the 1870s threatened broken heads and flaming houses in his heroic struggle to tame the colony's intractably conservative upper house; the roguish Tommy Bent, the turn-of-the-century can-do premier whose development enthusiasms were unhindered by probities of office; the bohemian Tom Hollway, who conducted Victoria's affairs from his suite in the Windsor Hotel; the accidental leader Henry Bolte, who became Victoria's longest-serving premier; and the larrikin metropolitan Jeff Kennett, who turned the state into a neo-liberal laboratory in the 1990s. A tale of premiers, the book is also a narrative of politics in a state that has vied with New South Wales as Australia's most prosperous and powerful. It recounts many extraordinary episodes: the precocious development of democracy in a fledgling colony turned upside down by gold immigrants; the titanic bicameral struggles of the 1860s and 1870s that brought Victoria to the brink of insurrection; the bank crashes of the 1890s; the police strike of 1923; the great Labor split of the 1950s; the hanging of Ronald Ryan in 1967; the social democratic adventurism of the Labor decade of the 1980s brought to a shuddering halt by another era of financial collapses and the neo-liberal experimentalism of the Kennett government. This carefully researched and engagingly written book will leave the reader in no doubt that politics in the Garden State has seldom been sedate and its premiers rarely predictable.

**Ireland in an Imperial World** Timothy G. McMahon, Michael de Nie, Paul Townend, 2017-03-20 Ireland in an Imperial World interrogates the myriad ways through which Irish men and women experienced, participated in and challenged empires in the nineteenth and twentieth centuries.

Most importantly they were integral players simultaneously managing and undermining the British Empire and through their diasporic communities they built sophisticated arguments that aided challenges to other imperial projects In emphasizing the interconnections between Ireland and the wider British and Irish worlds this book argues that a greater appreciation of empire is essential for enriching our understanding of the development of Irish society at home Moreover these thirteen essays argue plainly that Ireland was on the cutting edge of broader global developments both in configuring and dismantling Europe's overseas empires
