Charles Péguy The Decline Of An Idealist:

Charles Péguy Hans A. Schmitt,1967 **Charles Péguy** Hans A. Schmitt,1967 *Deleuze's Philosophical Lineage II* Jon Roffe,Graham Jones,2019-04-17 From Lucretius to Schelling to Foucault this book looks at 16 philosophers writers and artists whose work influenced the philosophy of Gilles Deleuze Each chapter introduces the thinker in question explains the context in which Deleuze draws their work and discusses how it contributed to the development of Deleuze s own ideas Deleuze s Philosophical Lineage II complements the original Deleuze s Philosophical Lineage volume by adding new voices to the discussion looking at thinkers not covered by the first volume intruding well known French philosophers to English language Deleuze studies and reflecting the latest Deleuze scholarship **The Jew Accused** Albert S. Lindemann,1991 Three Jews Alfred Dreyfus Mendel Beilis and Leo Frank were charged with heinous crimes in the generation before World War I Dreyfus of treason in France Beilis of ritual murder in Russia and Frank of the murder of a young girl in the United States Quite aside from the lurid details and sensational charges larger issues emerged among them the power of modern anti Semitism the sometimes tragic conflict between the freedom of the press and the protection of individual rights the unpredictable reactions of individuals when subjected to extreme situations and the inevitable ambiguities of campaigns for truth and justice when political advantage is to be gained from them In attempting to untangle myth and reality many surprises emerge heroes appear less heroic and villains less villainous while real factors appear more important than most accounts of the affairs have recognised *Charles Péguy* Frederic Chase St. Aubyn,1977 Politics and Belief in Contemporary France R. William Rauch,2012-12-06 *Esau's Tears* Albert S. Lindemann,1997 *Esau s Tears* explores the remarkable and revealing variety of modern anti Semitism from its emergence in the 1870s in a racial political form to the eve of the Nazi takeover in the major countries of Europe and in the United States Previous histories have generally been more concerned with description than analysis and most of the interpretations in those histories have been lacking in balance The evidence presented in this volume suggests that anti Semitism in these years was more ambiguous than usually presented less pervasive and central to the lives of both Jews and non Jews and by no means clearly pointed to a rising hatred of Jews everywhere even less to the likelihood of mass murder Similarly Jew hatred was not as mysterious or incomprehensible as often presented its strength in some countries and weakness in others may be related to the fluctuating and sometimes quite different perceptions in those countries of the meaning of the rise of the Jews in the late nineteenth and early twentieth centuries Encyclopedia of the Essay Tracy Chevalier,1997 A hefty one volume reference addressing various facets of the essay Entries are of five types 1 considerations of different types of essay e g moral travel autobiographical 2 discussions of major national traditions 3 biographical profiles of writers who have produced a significant body of work in the genre 4 descriptions of periodicals important for their publication of essays and 5 discussions of some especially significant single essays Each entry includes citations for further reading and cross references Annotation

Hunt Tooley,2015-11-29 We have often heard about the brutal world of the trenches the willingness of brave young soldiers
and the apparent indifference of the generals but reevaluations of the Great War in previous decades have shown us much
more complexity and in many cases some surprising reconstructions of very standard narratives of the war The traditional
isolation of the battle front from the home front which historians have tended to observe has given us an incomplete
understanding of both fronts In this study of World War I Hunt Tooley crosses the boundaries of national histories to examine
the various connections between the 400 mile long Western Front and the home fronts of the United Kingdom France
Germany Canada Australia and the United States Tooley draws on recent research and the wealth of primary source material
available to provide a broad synthesis of a complex event and to create a more holistic view of the war as men stayed in touch
with those at home as governments responded to events on the battlefield and as writers poets and artists brought the
cultural impulses of Europe to the deadly world of the Western Front In his clearly written wide ranging study Tooley argues
that the seeds of much of the 20th century may have been planted well before the First World War but as many social critics
politicians soldiers women s movement leaders and others predicted the cultivation of these seeds in war would have a
powerful and formative effect on the social political and cultural processes which shaped the 20th century *The*
Bergsonian Controversy in France, 1900-1914 Robert C. Grogin,1988 Consists of two parts The first discusses the
development of Bergson s ideas from 1889 to 1907 and the inspirations for them The second examines the impact of his ideas
in relation to the controversies that kept his name before the French public Acidic paper no index Annotation copyrighted by
