they also contributed to accelerating crises in the global environment including climate change pollution and waste In this new work Patrick Whitmarsh analyzes postwar narrative fictions that describe depict or express the earth from above the aerial and below the subterranean revealing the ways that literature has engaged this history of vertical science and linked it to increasing environmental precarity up to and including the extinction of humankind Whitmarsh examines works by writers such as Don DeLillo Karen Tei Yamashita Reza Negarestani and Colson Whitehead alongside postwar scientific programs including the Space Race atmospheric and underground nuclear testing and geological expeditions such as Project Mohole which attempted to drill to the earth's mantle As Whitmarsh argues by focusing readers attention on the fragility of postwar life through a vertical lens Anthropocene fiction highlights the interconnections between human behavior and planetary change These fictions situate industrial history within the much longer narrative of geological time and reframe scientific progress as a story through which humankind writes itself out of existence **Aazheyaadizi** Mark D. Freeland, 2020-12-01

Many of the English translations of Indigenous languages that we commonly use today have been handed down from colonial missionaries whose intent was to fundamentally alter or destroy prior Indigenous knowledge and praxis In this text author Mark D Freeland develops a theory of worldview that provides an interrelated logical mooring to shed light on the issues around translating Indigenous languages in and out of colonial languages In tandem with other linguistic and narrative methods this theory of worldview can be employed to help root out the reproduction of colonial culture in Indigenous languages and can be a useful addition to the repertoire of tools needed to return to life giving relationships with our environment These issues of decolonization are highlighted in the trajectory of treaty language associated with relationships to land and their present day importance This book uses the 1836 Treaty of Washington and its contemporary manifestation in Great Lakes fishing rights and the State of Michigan's 2007 Inland Consent Decree as a means of identifying the role of worldview in deciphering the logics embedded in Anishinaabe thought associated with these relationships to land A fascinating study for students of Indigenous and linguistic disciplines this book deftly demonstrates the significance of worldview theory in relation to the logics of decolonization of Indigenous thought and praxis **The Ladies' Repository**

, 1857 The idea of this women's magazine originated with Samuel Williams a Cincinnati Methodist who thought that Christian women needed a magazine less worldly than Godey's Lady's Book and Snowden's Lady's Companion Written largely by ministers this exceptionally well printed little magazine contained well written essays of a moral character plenty of poetry articles on historical and scientific matters and book reviews Among western writers were Alice Cary who contributed over a hundred sketches and poems her sister Phoebe Cary Otway Curry Moncure D Conway and Joshua R Giddings and New England contributors included Mrs Lydia Sigourney Hannah F Gould and Julia C R Dorr By 1851 each issue published a peice of music and two steel plates usually landscapes or portraits When Davis E Clark took over the editorship in 1853 the magazine became brighter and attained a circulation of 40 000 Unlike his predecessors Clark included fictional pieces and

made the Repository a magazine for the whole family After the war it began to decline and in 1876 was replaced by the National Repository The Ladies Repository was an excellent representative of the Methodist mind and heart Its essays sketches and poems its good steel engravings and its moral tone gave it a charm all its own Cf American periodicals 1741 1900 *The Biographical Directory of the Railway Officials of America* ,1913 **The Ladies' Repository** ,1857 The Bank Man ,1914 **Biographical Directory of the Railway Officials of America** ,1913 **Whitetail Addicts Manual** T.
