Hickey,1995 Four miles southeast of the village of Matfield Green in Chase County Kansas the heart of the Flint Hills lies the abandoned settlement of Thurman At the turn of the century Thurman was a prosperous farming and ranching settlement with fifty one households a post office two general stores a blacksmith shop five schools and a church Today only the ruins of Thurman remain Joseph Hickey uses Thurman to explore the settlement form of social organization which along with the village hamlet and small town was a dominant feature of nineteenth and early twentieth century American life He traces Thurman s birth in 1874 its shallow rises and falls and its demise in 1944 Akin to what William Least

Heat Moon did for Chase County in PrairyErth Hickey provides a deep map for one post office community and consequently tells us a great deal about America's rural past. Describing the shifting relationships between Thurmanites and their Matfield Green neighbors, Hickey details how social forces set in motion by the American ideal of individualism and the machinations of capitalist entrepreneurs produced a Darwinian struggle between Thurman stock raisers and Flint Hills cattle barons that ultimately doomed Thurman. Central to the story are the concept of ordinary entrepreneurship and the profoundly capitalist attitudes of the farmers who settled Thurman and thousands of other communities dotting the American landscape. Hickey's account of Thurman's social organization and disintegration provides a new perspective on what happened when the cattle drives from Texas and the Southwest shifted in the 1880s from the Kansas cowtowns to the Flint Hills. Moreover, he punctures numerous myths about the Flint Hills, including those that cattle dominated because the land is too rocky to farm or that Indians refused to farm because of traditional beliefs. Like many other small rural communities, Hickey argues, Thurman during its seventy-year history was actually several different settlements. A product of changing social conditions, each one resulted from shifting memberships and boundaries that reflected the efforts of local entrepreneurs to use country schools, churches, and other forms of social capital to gain advantages over their competitors. In the end, Thurman succumbed to the impact of agribusiness, which had the effect of transforming social capital from an asset into a liability. Ultimately, Hickey shows the settlement's fate echoed the decline of rural community throughout America.

Personal Reminiscences of Men and Things on Long Island Daniel Melancthon Tredwell, 1917 The Ghost at the Feast Robert Kagan, 2024-01-16

A comprehensive sweeping history of America's rise to global superpower from the Spanish American War to World War II by the acclaimed author of *Dangerous Nation*. With extraordinary range and research, Robert Kagan has illuminated America's quest to reconcile its new power with its historical purpose in world order in the early twentieth century. Dr. Henry Kissinger. At the dawn of the twentieth century, the United States was one of the world's richest, most populous, most technologically advanced nations. It was also a nation divided along numerous fault lines with conflicting aspirations and concerns pulling it in different directions. And it was a nation unsure about the role it wanted to play in the world if any Americans were the beneficiaries of a global order; they had no responsibility for maintaining it. Many preferred to avoid being drawn into what seemed an ever more competitive, conflictual, and militarized international environment. However, many also were eager to see the United States taking a share of international responsibility, working with others to preserve peace and advance civilization. The story of American foreign policy in the first four decades of the twentieth century is about the effort to do both: to adjust the nation to its new position without sacrificing the principles developed in the past, as one contemporary put it. This would prove a difficult task. The collapse of British naval power combined with the rise of Germany and Japan suddenly placed the United States in a pivotal position. American military power helped defeat Germany in the First World War, and the peace that followed was significantly shaped by a U.S. president. But Americans recoiled from their deep involvement in world

affairs and for the next two decades they sat by as fascism and tyranny spread unchecked ultimately causing the liberal world order to fall apart America's resulting intervention in the Second World War marked the beginning of a new era for the United States and for the world Brilliant and insightful *The Ghost at the Feast* shows both the perils of American withdrawal from the world and the price of international responsibility **Haunted Pittsburgh** Timothy Murray, Michelle Smith, Haydn Thomas, 2016-10-10 A ghost tour team mines the Steel City's past for the stories of spirits that stalk its streets today Founded amidst the bloodshed of the French and Indian War Pittsburgh is haunted by the ghosts of its gritty and sometimes violent past Many believe American industrialist Henry Clay Frick still inhabits Clayton one of the last surviving homes on Millionaires Row The spirit of Kate Soffel lingers at the Allegheny County Jail where she helped plot the escape of the Biddle brothers and fell in love in the process The Duquesne Incline in 1877 employed teens disguised as ghosts to boost business However an authentic sinister entity is said to haunt the nearby Monongahela Incline without compensation Join the Haunted Pittsburgh team as it explores ghostly encounters in the Steel City Includes photos Tales that connect the region to the spirit world Trib Live Half Gods Lynn Montross, 1924 *The Lyceum Magazine* Ralph Albert Parlette, 1922 Kill Them with Canvas Bailee Abbott, 2022-10-11 In Bailee Abbott's second book in the Paint by Murder mysteries Chloe and Izzie are taking their paint party business on the road with murder as the first stop Chloe Abington and her sister Izzie are enjoying huge success running Paint with a View their paint party business in the tranquil western New York lakeside town of Whisper Cove Now their aunt Constance president of the local chapter of the Chautauqua Sisterhood has hooked them up with a gig hosting a Halloween painting party The guests will be painting a local ghost legend the Lady of Chautauqua Lake who died a hundred years earlier and rises from the lake every October to haunt anyone who dares venture out on All Hallows Eve The event seems to be going off without a hitch until Chloe overhears an argument between Constance and Viola Finnwinkle the Sisterhood director about the fate of the local chapter Both women leave and the sisters finish their painting But the next morning Viola's body is discovered floating face down near the town ferryboat dock her long red hair spread around her Eerily the image is an exact replica of a painting Chloe and Izzie had discovered at the event the night before What's more the police find Constance's purple knit hat lying on the ground near the crime scene Constance pleads innocence saying the hat mysteriously went missing during the event Frantic that she might be charged with murder she begs Chloe and Izzie to help her The sisters believe their aunt is innocent but if so who's the real killer and when will the next victim turn up *"The Ghost Ship,"* Dorothee Bates, 1937 Chautauqua Haunts Christopher Redmond, 1993 **The Little Paper** Esther Griffin White, 1915
