Bad Penny Blues:

Bad penny blues Cathi Unsworth, 2012 1959 Londres vit une période charnière entre les austères années d'après-guerre et les swinging sixties. Alors que l'extrême droite tente une percée en Angleterre alimentée par le racisme contre les immigrants, la convergence du pop art scandalise l'establishment artistique. Stella et Toby sont deux étudiants en art qui tout semble sourire, ils sont jeunes, talentueux et bien décidés à marquer la prochaine décennie. Aussi quand un drame cauchemardesque jette une ombre sur sa vie, Stella s'empresse de l'oublier. Mais quelques années plus tard, alors qu'elle est devenue une styliste en vue et Toby un peintre reconnu, les cauchemars recommencent. Des femmes sur le point de mourir lui envoient des appels au secours. Elle s'aperçoit avec horreur que les prostituées de ses visions ont véritablement assassiné Pete Bradley, jeune policier idéaliste et ambitieux au sein d'une quipée corrompue enquêtée sur ces meurtres inexplicables dont les ramifications semblent toucher tous les niveaux de la société londonienne. Les deux récits s'entrecroisent au rythme des chansons de l'époque qui introduisent chaque chapitre. Fondé sur une affaire réelle et jamais divulguée, qui inspira la chronique entre 1959 et 1965, *Bad Penny Blues* mêle réalité et fiction, action et fantasmes pour peindre un tableau social, culturel et politique très vivant de l'Angleterre des années soixante. Un tableau galement très noir duquel émerge une superbe héroïne qui voyage aux frontières de la mort.

Love Me Do to Love Me Don't Spencer Leigh, 2016-09-12 Journalist, broadcaster and Beatles authority Spencer Leigh analyses and discusses the Beatles and their records with the help of his vast archive of recorded interviews about the Beatles more than anyone in the world. This book draws upon that resource and the plethora of books about the Beatles that have preceded it. Each chapter is prefaced by the cultural or historic events of the times to put the music into context. This book will take you on an enjoyable musical journey and you will be thoroughly entertained by it and will be listening with fresh ears to the Beatles back catalogue.

Bad Penny Blues Barrie Roberts, 2002 Mystery

Tape's Rolling Take One Adrian Kerridge, 2021-01-05 Adrian Kerridge has been part of the British recording industry for the past 50 years. His revolutionary and often forthright approach within the music industry has put him at the centre of the recording world for half a century. As owner of the eminent Lansdowne Studios, birth place of the Dave Clark Five and home to numerous household name artists and session stories, as well as the co-founding father of the CADAC console brand, he witnessed first hand the technological changes of an industry transitioning from analogue tape to multi-track to digital recording and editing in the 80s and forwards. He was a forerunner in the 60s of the then experimental practice of direct injection, now widely employed by sound engineers, and laid the foundations for a more modern, upfront sound that was lacking in the 50s and early 60s. Renowned for creating unique sonic signatures for bands and other recording artists, Adrian's approach to recording was unlike anything the industry had seen in the years previous. He recorded hot while his contemporaries were more conservative in their approach. This book traces his personal journey from war-time Britain to the

swinging 60s taking in the technical and social changes that were to shape the way music was recorded It tells the story of a choir boy from West London who fell in love with Jazz and landed a job at a music shop A chance invitation to sit in on a studio recording of the Sydney Lipton band sparked in Adrian an interest that was to put him on a path from choir boy to the foremost Ears in the business Adrian describes how his first job at IBC London one of the UK s largest independent recording studios at the time led him to work with the legendary and sometimes volatile Joe Meek Working with Joe gave Adrian crucial insights into the talented engineer s innovative techniques which he describes in technical and personal detail After a brief stint of National Service Adrian returned to the recording industry but instead of resuming his old job at IBC he was offered a job alongside Joe Meek at a completely new London studio Lansdowne Recording Studios with producer Denis Preston who ran his own Record Supervision jazz label Adrian describes his experience of working with Joe and Denis becoming responsible for his own sessions and the studios prolific output He paints the picture of Joe s complex character as well as his ground breaking and highly successful recording techniques Joe s premature departure from Lansdowne meant Adrian suddenly found himself catapulted into the job of senior engineer and solely responsible for running the studios It was during this time that Adrian along with the Dave Clark Five led the British invasion of the U S music scene in the 1960s pioneering new audio techniques using equipment considered primitive by today s standards Adrian relates how in the early 1960s the Dave Clark Five first came into the studio and how his contribution to the band s development helped create their signature Tottenham Sound He provides unique insights into the recording of numerous hits such as Glad All Over which resulted in huge success for the band knocking the Beatles song I want to hold your hand off the top of the U K charts in January 1964 going on to sell 2.5M copies Nowadays you can get a number one with 10 20 000 copies He describes his intriguing experiences in Germany and Belgium recording material for the KPM Music Library and other music libraries
