Vande Kappelle,2011-01-12 In this third volume of his *Adventures in Spirituality* trilogy Dr Robert Vande Kappelle travels from Amsterdam to Cairo in search of his cultural and spiritual roots inviting readers to join him in exploring fabled places across the Mediterranean World Despite the grave problems centered in this region it is the birthplace of Western civilization and the source of the world's three guiding religions Readers unfamiliar with the emergence and development of Western civilization will find *Into Thin Places* a compelling introduction others will discover here a new perspective Affirming the human quest for adventure meaning and wholeness Professor Vande Kappelle beckons adventurers to enjoy the wonderful experiences described in the book's travel entries Those seeking historical and cultural perspective will want to examine the numerous explanatory entries scattered throughout the narrative These vignettes expand and deepen the storyline piquing curiosity about seminal events persons and places that helped shape Western sensibility As Dr Vande Kappelle points out in his closing chapter our world is in a state of crisis precipitated by numerous factors but primarily by the loss of the sacred Whether the current crisis is curable is debatable but it will clearly require massive cultural reorientation More importantly it will require a transformation of the human spirit and a commitment of will *Into Thin Places* encourages readers to find thin places places transparent to the divine in their own transformative journeys of discovery

Modernist Poetics of Ageing Jade Elizabeth French,2025-01-12 What happens when the modern woman ages *Modernist Poetics of Ageing* answers this question by being the first book length study of three late modernist women's writers Drawing on their place within wider modernist networks this monograph is primarily framed around work by Mina Loy H D and Djuna Barnes who are often thought of as the quintessentially youthful modern woman of the 1920s Taking a literary ageing studies and cultural criticism approach this monograph focuses on lived experience as well as thematic representations of ageing in their work to examine how each author grew older in the years 1940-1982 By surveying literary texts visual art photography life writing and archival material this book explores the intersection of old age as lived and as well as written to argue that modernist late writing embodies the realities of ageing and transforms them through avant garde aesthetics As an interdisciplinary study this work pairs ageing studies and modernist studies to innovatively consider experimental works written about and in later life The book suggests that a focus on older age complicates the very avant

garde or modernist aesthetics that each author was interested in what happens when the scene of the new is populated by older people How does an embodied experience of illness inform an aesthetics of late style After fulfilling their role as the youthful modern woman of the 1920s how did each artist continue to create rich avant garde works that go well beyond the paradigms of late modernism Modernist Poetics of Ageing argues that the late lives of some of modernism s most prominent and networked women writers are overlooked despite being rich vital and contemporary in their continuing commitment to modernist experiment By reframing these older modernist women writers as engaged in continuing creative experiments Modernist Poetics of Ageing reveals that the new does not always have to be young Preservation, Tourism and Nationalism Joshua Hagen,2006 By tracing Rothenburg s historical development as a place of national importance this book examines the cultural politics of historical preservation and tourism in general It shows how Germany as well as the rest of Europe and North America used roman *The American Stationer* ,1910 **Atlantic Monthly** ,1906 *The Atlantic Monthly* ,1906 **Screening Asian Americans** Peter X.
