Baedekers Berlin:

Berlin and Its Environs Karl Baedeker, Karl Baedeker (Firm), 1908 Baedeker's Berlin(s) Marisol Bayona Roman, 2018

The long standing family owned travel guidebook business founded by Karl Baedeker has gone down in European history for the famous Baedeker Guidebooks. The Baedeker guidebooks enjoyed notable popularity soon after their debut in the 1830s attaining international recognition as comprehensive, objective and thoroughly reliable guidebooks. Koshar 330. The present project will put the alleged objectivity of the Baedekers to the test by comparing the 1923 and 1965 English guidebooks for the city of Berlin. These two editions of the Berlin Baedeker are a particularly interesting corpus as they present what is worth seeing in Berlin to a foreign audience. These subsequent editions also confront how to present the capital or ex capital of a nation in great need of new images after its central devastating role in the two World Wars. Published soon after the nation stabilized postwar and thus when tourism might reasonably be expected to reestablish itself, I argue that the 1923 and 1965 Berlin Baedekers attempt to produce a political intervention presenting a particular version of Berlin that has immeasurable national and European value in order to improve Germany's image in times of crisis. Connecting these Baedekers to their historical contexts and examining how they respond to their respective circumstances can point to new productive directions for scholarship on travel literature and other types of tourist media.

Four descriptions of the city of Leipzig in one volume, all by Baedeker, three translated by Michael Wild, show the city at four moments in its long and troubled history, ending with the reunification of Germany and the effects which this had on the city. Original maps and illustrations have been retained.

Berlin and Its Environs Karl Baedeker, 1923 *Baedeker's Berlin* Karl Baedeker, **Baedekeriana** Michael Wild, 2010

By Michael Wild, the Baedeker historian, this is an anthology of articles about and extracts from Baedeker guidebooks of the past. There is much to amuse and enlighten the reader who is taken to Troy, Poland, under German occupation, the Berlin to Baghdad railway, India, and many other fascinating places which one might otherwise never see.

Big Business and the Crisis of German Democracy Adam Bisno, 2023-11-02

Through the colorful world of Berlin's grand hotels, this book charts a new history of German liberalism and explores the changing relationships among big business, society and politics. Behind imposing facades, managers and workers were often the picture of orderly and harmonious service, despite living in sometimes uncomfortable proximity. Then, during World War I, class tensions rose to the surface and failed to resolve in the following years. Doubting the ability of the Weimar Republic to contain these conflicts, a group of hotel owners, some of the most prominent Jewish industrialists and financiers in the country, chose to let Adolf Hitler use their hotel, the Kaiserhof, as his Berlin headquarters in 1932. From a splendid suite opposite the chancellery, Hitler and his

henchmen engineered the assumption of power the death of the Weimar Republic and the ruin of their hosts the Kaiserhof s owners Jewish liberals now fleeing for their lives Big Business and the Crisis of German Democracy asks how this came about and explores the decision making processes that produced such catastrophic consequences This title is also available as open access on Cambridge Core *Berlin and Its Environs* Karl Baedeker (Firm),1923 **Baedeker Allianz Travel Guide** **Berlin, Potsdam** Baedeker,2012-01-20 Still under Construction The new Berlin is on its way to becoming a proper capital city again since the dismantling of the Wall but will there ever be an end to the sand dust stone glass and steel the new roofs and towers atop the old walls A new underground railway line will run beneath the trees lining the avenue of Unter den Linden Schinkel s Academy of Architecture a veritable castle in the air reaches for the sky concealed behind the tiers of stones printed on its tarpaulin sheeting Cranes cluster around the Ostbahnhof railway station to haul the next building up from the banks of the Spree This is how the city has been since the start of the century Berlin is coming into being Baedeker the classic travel guide Whether on site or when planning the trip the largest section Sights from A to Z is always a help Here the reader finds historically rich locations to experience large and small with their places of interest and charming landscapes Differently coloured Visiting boxes help find restaurants or hotels to suit every budget There are many theme specials and up to date travel information Highlights also include the unique three dimensional depictions The section on routes suggests interesting and perfectly planned tours that guarantee stress free excursions Countless Baedeker tips are what make the trip special Current background information on the destination practical information and the map in the pocket of the book jacket complete the Baedeker Allianz travel guide [Berlin.
