Baghdad Butcher:

Baghdad Butcher Mike Jackson, 2022-10-11 Baghdad Butcher is the first book of my nine book Janitors series The team formed at the end of this book which does off the books black bag jobs directly for the President doesn't actually pick up the name Janitors until the second book Most of the main good guys characters in all nine books have military backgrounds with a few still active duty military personnel included The time frame of the series runs from approximately nine months prior to the 9/11 Islamic terrorists attack through the next seven plus years Saddam Hussein was long known to have many doubles Some even suggest that his famous trip to the front lines during the Iran Iraq war was in fact accomplished by one of his doubles This book in part deals with the question of Saddam and his doubles A word of caution in reading this novel one of the conclusions herein may not be fully trusted The question of Saddam and his doubles is revisited in my next book Back To Iraq and in future books While this is a book and those to follow are works of fiction some of the events are based on fact and many of the characters are based on actual people One incident and character are actually based on the event of a real person in the Vietnam War but moved to Desert Storm for the age factor of the character to fit the time frame herein
