Balancing Our Lives Dont Lose Your Balance And Fall:

Balancing Our Lives : Don't Lose Your Balance and Fall! John W. Lewis,1988 **It's Your Choice** Dan Harsh,2019-08-29

Every day we make choices These choices impact our lives our careers our families our health our successes and our failures Often we make choices without considering the impact or consequences that may result We make choices every day in the workplace and in our personal lives that mold and craft our future and we are not even aware of it Where we are today is a direct result of the choices we have made Where we will be tomorrow is directly related to the choices we are going to make Each of us has been dealt a hand of cards The cards we have been dealt may have been outside our control However how we respond to these cards is 100 percent within our control The best poker players don t win because they always have the best cards they win because they know how to play the cards they are dealt They know when to fold when to stay in the game how to read the other players at the table and when to bluff They win because of choices they make with the cards they were dealt It s Your Choice will help bring clarity and perspective to the choices you are faced with each day in the workplace and in your personal life It will bring reason and logic to things that you may not have considered before It s Your Choice is designed to challenge you to think differently more clearly and with a larger perspective of the choices you make each day There will be things in It s Your Choice you don t want to hear There will be things shared that will challenge you to think deeper than you have in the past What you do with what you read in It s Your Choice is indeed your choice **Simple Abundance** Sarah Ban Breathnach,2019-11-19 In times of crisis countless women have turned to Simple Abundance for comfort and joy and now this mega bestselling guide is updated and expanded for everyone who loved the original book as well as a new generation that needs it now more than ever First published in 1995 Simple Abundancetopped the New York Times Bestseller list for over two years and is responsible for introducing two hugely popular concepts the Gratitude Journal and the term Authentic Self With daily inspirational meditations and reflections the Simple Abundance phenomenon became a touchstone for a generation of women helping them to reclaim their true selves find balance during life s busiest moments and rediscover what makes them truly happy Simple Abundance s powerful messages are needed now more than ever as we navigate the discord and stress instigated by a constant stream of breaking news cycles and our 24 7 social media culture Sarah Ban Breathnach has refreshed her bestselling phenomenon to address the needs of a new generation with her signature candor wit and wisdom that made her a trusted and compassionate confidant for millions of women A perennial classic whose time has come again Sarah s work celebrates quiet joys simple pleasures and well spent moments and reminds us how to find the beauty in the everyday **Unlocking the Last 20%** Tucker Hamilton,2026-03-24 For all those standing at the 80% threshold of their capabilities and who suspect their full potential is within reach a guide to the oft hidden paths to reaching one s utmost capacity and finally breaking through the barriers that hold you back from extraordinary achievement In Unlocking the Last 20% celebrated fighter test pilot and AI innovation leader Tucker Cinco Hamilton shares
