Scottish Song Collecting from the Enlightenment to the Romantic Era Karen McAulay, 2016-05-13 One of the earliest documented Scottish song collectors actually to go into the field to gather his specimens was the Highlander Joseph Macdonald Macdonald emigrated in 1760 contemporaneously with the start of James Macpherson's famous but much disputed Ossian project and it fell to the Revd Patrick Macdonald to finish and subsequently publish his younger brother's collection Karen McAulay traces the complex history of Scottish song collecting and the publication of major Highland and Lowland collections over the ensuing 130 years Looking at sources authenticity collecting methodology and format McAulay places these collections in their cultural context and traces links with contemporary attitudes towards such wide ranging topics as the embryonic tourism and travel industry cultural nationalism fakery and forgery literary and musical creativity and the move from antiquarianism and dilettantism towards an increasingly scholarly and didactic tone in the mid to late Victorian collections Attention is given to some of the performance issues raised either in correspondence or in the paratexts of published collections and the narrative is interlaced with references to contemporary literary social and even political history as it affected the collectors themselves Most significantly this study demonstrates a resurgence of cultural

nationalism in the late nineteenth century *The Songs of Scotland Chronologically Arranged, with Introduction and Notes* Scotland. [Appendix. - Miscellaneous.], 1871 *Scottish and Irish Romanticism* Murray Pittock, 2008-01-24 Scottish and Irish Romanticism is the first single author book to address the main non English Romanticisms of the British Isles Murray Pittock begins by questioning the terms of his chosen title as he searches for a definition of Romanticism and for the meaning of national literature He proposes certain determining triggers for the recognition of the presence of a national literature and also deals with two major problems which are holding back the development of a new and broader understanding of British Isles Romanticisms the survival of outdated assumptions in ostensibly more modern paradigms and a lack of understanding of the full range of dialogues and relationships across the literatures of these islands The theorists whose works chiefly inform the book are Bakhtin Fanon and Habermas although they do not define its arguments and an alertness to the ways in which other literary theories inform each other is present throughout the book Pittock examines in turn the historiography prejudices and assumptions of Romantic criticism to date and how our unexamined prejudices still stand in the way of our understanding of individual traditions and the dialogues between them He then considers Allan Ramsay's role in song collecting hybridizing high cultural genres with broadside forms creating in synthetic Scots a language really used by men

and promoting a domestic public sphere Chapters 3 and 4 discuss the Scottish and Irish public spheres in the later eighteenth century together with the struggle for control over national pasts and the development of the cults of Romance the Picturesque and Sentiment Macpherson Thomson Owenson and Moore are among the writers discussed Chapter 5 explores the work of Robert Fergusson and his contemporaries in both Scotland and Ireland examining questions of literary hybridity across not only national but also linguistic borders while Chapter 6 provides a brief literary history of Burns descent into critical neglect combined with a reevaluation of his poetry in the light of the general argument of the book Chapter 7 analyzes the complexities of the linguistic and cultural politics of the national tale in Ireland through the work of Maria Edgeworth while the following chapter considers of Scott in relation to the national tale Enlightenment historiography and the European nationalities question Chapter 9 looks at the importance of the Gothic in Scottish and Irish Romanticism particularly in the work of James Hogg and Charles Maturin while Chapter 10 Patriotism explores a new concept in the manner in which Scottish and Irish literary political and military figures of the period related to Empire
