Ballads And Sea Songs Of Newfoundland :

Ballads and Sea Songs of Newfoundland Elizabeth Greenleaf (Bristol),1933 **Ballads and Sea Songs of Newfoundland** Elizabeth Bristol Greenleaf,1968 **Ballads and Sea-Songs of Newfoundland** Elisabeth Bristol Greenleaf,Grace Yarrow Mansfield,1933 Newfoundland songs are diverse in origin Vast numbers of them come from the British Isles especially from England and Ireland many are composed in Newfoundland usually on English or Irish models a lesser number of American Canadian and French songs are current The ballads to be found in the Child collection are probably the oldest now sung Then there are many seventeenth and eighteenth century broadside ballads particularly English and many nineteenth century compositions Such are the backgrounds from which the compilers of this volume have drawn their unusually interesting and delightful collection of ballad texts and ballad music Expeditions to the island in 1920 and 1929 furnished the tunes and a genuine interest in folk literature assured the care and accuracy of the work **Ballads and Sea Songs of Newfoundland** Elisabeth (Bristol) Greenleaf,2004 **Ballads and Sea Songs of Newfoundland. Collected and edited by E. B. Greenleaf. Music recorded in the field by Grace Yarrow Mansfield and the editor. [With plates, including portraits.]** Elizabeth Bristol GREENLEAF,1933 **Ballads and sea songs of Newfoundland** ,1968 **Ballads and Sea Songs of Newfoundland, Collected and Edited by Elisabeth Bristol Greenleaf; Music Recorded in the Field by Grace Yarrow Mansfield and the Editor** Elisabeth Bristol Greenleaf (ed),1968 **Ballads and Sea Songs of Newfoundland** Elisabeth Bristol Greenleaf,Yarrow Mansfield,1968 **Ballads and Sea Songs from Nova Scotia** William Roy Mackenzie,1928 **The Ballad Collectors of North America** Scott B. Spencer,2012 Much has been written about the songs gathered in North America in the first half of the 20th century However there is scant information on those individuals responsible for gathering these songs The Ballad Collectors of North America How Gathering Folksongs Transformed Academic Thought and American Identity fills this gap documenting the efforts of those who transcribed and recorded North American folk songs Both biographical and topical this book chronicles not only the most influential of these song catchers but also examines the main schools of thought on the collection process the leading proponents of those schools and the projects that they shaped Contributors also consider the role of technology especially the phonograph in the collection efforts Chapters organized by region cover such areas as Appalachia the West and Canada while others devoted to specialized topics from the cowboy tune and occupational song to the commercialization of folk music through song collections and anthologies Ballad Collectors investigates the larger role of the ballad in the development of American identity from the national appreciation of cowboy songs in popular culture to the use of Appalachian song forms in radio broadcasts to the role of dustbowl ballads in the urban folk revival of the 1950s and 1960s Finally this collection assesses the changing role of songs and song texts in the academic fields of folklore anthropology musicology and ethnomusicology Scholars and students of American cultural and social history as well as fans of North American folk and popular music will

find *The Ballad Collectors of North America* a fascinating story of how the American folk tradition gained greater visibility fueling the revolutions that would follow in the writing and performance of American music [Street Ballads in Nineteenth-Century Britain, Ireland, and North America](#) Mr David Atkinson, Mr Steve Roud, 2014-07-28 In recent years the assumption that traditional songs originated from a primarily oral tradition has been challenged by research into street literature that is the cheap printed broadsides and chapbooks that poured from the presses of jobbing printers from the late sixteenth century until the beginning of the twentieth Not only are some traditional singers known to have learned songs from printed sources but most of the songs were composed by professional writers and reached the populace in printed form *Street Ballads in Nineteenth Century Britain Ireland and North America* engages with the long running debate over the origin of traditional songs by examining street literature's interaction with and influence on oral traditions **The Traditional Tunes of the Child Ballads, Volume 2** Bertrand Harris Bronson, 2015-12-08 Continuing the monumental work begun in Volume I Bertrand Bronson presents here the words and music for Child Ballads 54 through 113 The texts are those established in the famous Child canon of English and Scottish ballads To them Mr Bronson has added more than a thousand variant tunes grouped to show their melodic kinship and the characteristic variations developed in the course of traditional singing and oral transmission Originally published in 1962 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 [Ethnomusicology](#) Helen Myers, 1993 *Complementing Ethnomusicology An Introduction* this volume of studies written by world acknowledged authorities places the subject of ethnomusicology in historical and geographical perspective Part I deals with the intellectual trends that contributed to the birth of the discipline in the period before World War II Organized by national schools of scholarship the influence of 19th century anthropological theories on the new field of comparative musicology is described In the second half of the book regional experts provide detailed reviews by geographical areas of the current state of ethnomusicological research *Ballad Theory and Technique*, 1913 **The Forgotten Songs of the Newfoundland Outports** Anna Kearney Guigné, 2016-12-12 In 1951 musician Kenneth Peacock 1922-2000 secured a contract from the National Museum of Canada today the Canadian Museum of History to collect folksongs in Newfoundland As the province had recently joined Confederation the project was deemed a goodwill gesture while at the same time adding to the Museum's meager Anglophone archival collections Between 1951 and 1961 over the course of six field visits Peacock collected 766 songs and melodies from 118 singers in 38 communities later publishing two thirds of this material in a three volume collection *Songs of the Newfoundland Outports* 1965 As the publication consists of over 1000 pages *Outports* is considered to

be a bible for Newfoundland singers and a valuable resource for researchers. However, Peacock's treatment of the material by way of tune-text collations, use of lines and stanzas from unpublished songs, has always been somewhat controversial. Additionally, comparison of the field collection with Outports indicates that although Peacock acquired a range of material, his personal preferences frequently guided his publishing agenda. To ensure that the songs closely correspond to what the singers presented to Peacock, the collection has been prepared by drawing on Peacock's original music and textual notes and his original field recordings. The collection is far-ranging and eclectic in that it includes British and American broadsides, musical hall and vaudeville material alongside country and western songs and local compositions. It also highlights the influence of popular media on the Newfoundland song tradition and contextualizes a number of locally composed songs. In this sense, it provides a key link between what Peacock actually recorded and the material he eventually published. As several of the songs have not previously appeared in the standard Newfoundland collections, *The Forgotten Songs* sheds new light on the extent of Peacock's collecting. The collection includes 125 songs arranged under 113 titles, along with extensive notes on the songs and brief biographies of the 58 singers.
