Ballymurphy And The Irish War:

Ballymurphy and the Irish War Ciaran de Baroid,2000-02-20 One of the most remarkable books to emerge from the Northern conflict I can't recall any other book which gives the reader the same accessibility to the streets of Belfast Irish Post A thrilling people's history of Belfast's most famous housing estate which will be remembered as one of the classic books to emerge from the Troubles Andersonstown News *Ballymurphy and the Irish War* Ciarán De Baróid,1990 A classic grassroots view of the struggle of the peoples of Northern Ireland over the last 20 years [Topography of Trauma: Fissures, Disruptions and Transfigurations](#) ,2019-08-26 This volume addresses trauma not only from a theoretical descriptive and therapeutic perspective but also through the survivor as narrator meaning maker and presenter By conceptualising different outlooks on trauma exploring transfigurations in writing and art and engaging trauma through scriptotherapy dharma art autoethnography photovoice and choreography the interdisciplinary dialogue highlights the need for rethinking and re-examining trauma as classical treatments geared towards healing do not recognise the potential for transfiguration inherent in the trauma itself The investigation of the fissures disruptions and shifts after punctual traumatic events or prolonged exposure to verbal and physical abuse illness war captivity incarceration and chemical exposure amongst others leads to a new understanding of the transformed self and empowering post-traumatic developments Contributors are Peter Bray Francesca Brencio Mark Callaghan M Candace Christensen Diedra L Clay Leanne Dodd Marie France Forcier Gen ichiro Itakura Jacqueline Linder Elwin Susan John Kori D Novak Cassie Pedersen Danielle Schaub Nicholas Quin Serenati Asl Tekinay Tony M Vinci and Claudio Zanini *Irish Women and Nationalism* Louise Ryan,Margaret Ward,2004 In this text the full range of women's contribution to the Irish nationalist movement is explored by writers whose interests range from the historical and sociological to the literary and cultural *Writing Resistance in Northern Ireland* Aimée Walsh,2024-04-02 Writing Resistance in Northern Ireland is an examination of feminist republicanism's in the north of Ireland between 1975 and 1986 Republican prison protest was rife during this period and fractures opened up between the feminist and republican movements Despite their shared objective of self-determination the two movements did not achieve a natural or total congruence While it has been argued that there is a disjuncture between feminism and nationalism this book argues for a new perspective on feminist republicanism's in the north and tells the story of a niche collective of republican feminists who came to the fore during the Troubles and sought bodily political and economic autonomy The book examines source material including historical narratives jail writings journalism documentary film and literary texts and paints a vivid picture of a movement of republican feminist women's writing concerned with political crisis gender and the nation Aimée Walsh uses the plural republicanism's as a way of encapsulating the varied iterations of nationalist feminism from militant republicanism in Armagh Gaol to a non-violent literary nationalist feminism This examination of the interaction between nationalism and gender shows how the study of women's writing can offer a paradigm shift in the history of the Troubles as seen through a

feminist lens

The Nationalists of Northern Ireland, 1918-1973 Enda Staunton, 2001 This is a full length study of the nationalists in the six counties in the period 1918-1973 It draws upon substantial original research including much material which has never been published elsewhere

Peace in Ireland Richard Bourke, 2003 This book examines the time period of 1968-2003 in broad historical perspective including an exploration of the ideological roots of the conflict in the late 19th and early 20th centuries It covers the decisive episodes that marked the trajectory of the Troubles from the Civil Rights Movement Bloody Sunday and the Sunningdale Agreement to the hunger strikes the paramilitary ceasefires and the Good Friday Agreement The book exposes the assumption that the conflict was a product of imperialism and challenges the idea that the descent into violence was brought about by atavistic regression or ethnic solidarity Its central argument is that the Northern Ireland debacle was a distinctly modern conflict fought over rival aspirations to popular sovereignty Accordingly the book places opposing conceptions of democratic legitimacy at the center of the dispute From this angle it analyzes both Nationalism and Republicanism as well as Unionism and Loyalism with the aim of providing a sustained investigation of the impact of political ideas on modern Ireland Interest remains high in the history and context of the Troubles and Richard Bourke as a historian of ideas is perfectly placed to analyze the conflict and its origins

1972 and the Ulster Troubles Alan F. Parkinson, 2010 1972 also witnessed a further haemorrhaging of unionism the emergence of the potentially sinister Vanguard movement and the substitution of Westminster grandees for locally elected politicians when it came to the governance of the region Amidst such frenetic political and military activity what impact did unfolding events have upon the lives of ordinary people Combining an analysis of the major events of the year with the oral testimony of a wide range of respondents this book tells the story of the most extraordinary year of the modern Northern conflict as well as analysing its impact upon subsequent events Book Jacket

Acta Ethnographica Hungarica, 1997

From Political Violence to Negotiated Settlement Maurice Joseph Bric, John Coakley, 2004 The contemporary relevance of the issues raised is underscored in a contribution from the chair of the arms decommissioning body

Northern Ireland's Troubles Marie-Therese Fay, Mike Morrissey, Marie Smyth, 1999 An up to date analysis of the problems faced by Iran's Kurdish population

Bear in Mind These Dead Malcolm Sutton, 1994 The author has investigated all politically motivated killings associated with the present Conflict in Ireland including those that took place outside of Ireland

Saothar, 1991

The Trouble with Guns Malachi O'Doherty, 1998 O'Doherty was immediately averse to supporting the IRA and felt at the beginning of the Troubles a loss of moral bearings when both the state and the insurgents were in murderous form

Indians are Us? Ward Churchill, 1994 Churchill returns to cultural criticism for this fiery follow up to his *Fantasies of the Master Race* Once again he sets out to expose those who would appropriate Native culture and turn it into a commodity to be bought and sold He reviews motion pictures demonstrating the historical inaccuracies and perpetuation of stereotypes in *Black Robe* and books calling *In the Absence of the Sacred* by Jerry Mander an example of intellectual appropriation by a

supposedly sympathetic author He turns an essay on Jack Weatherford's book *Indian Givers* into an exploration of plagiarism and publishers' penchant for books about Indians by non-Natives while works by Natives themselves go begging Other pieces deal with the issue of products and sports teams with Indian names and the impact of government definitions of who is Indian on Native artist Jimmie Durham The final piece examines how language oppresses and how it might be used for liberation Churchill's controversial style and work have brought him into conflict with both Natives and non-Natives Readers will however respect his passion and consistency Publisher's Weekly Scotland and Ulster Ian S. Wood, 1994 **The Red Hand** Steve Bruce, 1992 Self-proclaimed defenders of Ulster condemned by their opponents as thugs and murderers Protestant paramilitaries have been responsible for around half of the civilian casualties in Ulster Their operations have succeeded on occasion in subverting major political initiatives and have even brought down a government Yet despite the familiarity of such names as the UDA the UVF the Red Hand commando and the Shankill Butchers such groups remain little studied and poorly understood This book the first comprehensive study of loyalist terrorism in Ulster draws on extensive interviews with terrorists conducted by the author to assemble the most accurate picture possible of their methods and motives Steve Bruce examines all aspects of their organizations from their origins and background to the way in which they recruit their members raise funds and select and execute their terrorist operations He also discusses claims that the security forces have at times turned a blind eye to the Protestant paramilitaries' activities Bruce concludes by arguing that the paradoxical nature of pro-state terrorism which seeks to maintain rather than overturn state power by violent means informs every significant aspect of the loyalists' activities In addition to being an important contribution to our understanding of the relationship between terrorism and the modern state *The Red Hand* is essential reading for anyone who wishes to gain a fuller understanding of Northern Ireland's present Troubles **Museum International**, 2010 *Lost Lives* David McKittrick, 2001 This is a unique work filled with passion and violence with humanity and inhumanity It is the story of the Northern Ireland troubles told through the lives of those who have suffered and the deaths which have resulted from the conflict **The Trigger Men** Martin Dillon, 2003 In *THE TRIGGER MEN* bestselling author Martin Dillon delves into the dark and sinister world of Irish terrorism and counter-terrorism Over three decades he has interviewed and investigated some of the most professional dangerous and ruthless killers in Ireland Dillon explores their personalities motivations and bizarre crimes Many of Ireland's assassins learned their trade in fields and on hillsides in remote parts of Ireland while some were trained in the Middle East or with Basque separatist terrorists in Spain Some were one target one shot killers like the sniper who terrorised the inhabitants of Washington State in the autumn of 2002 and others were bombers skilled in designing the most sophisticated explosive devices and boobytraps Another more powerful group of trigger men were the influential figures in the shadows who were experts in motivating the killers under their control All of these men whether they squeeze the trigger on a high powered rifle set the timer on a bomb or used their authority to send others out to commit

horrific and unspeakable acts of cruelty are featured in this book THE TRIGGER MEN takes the reader inside the labyrinthine world of terrorist cells and highly classified counter terror units of British Military Intelligence The individual stories are described in fascinating unflinching detail and show how the terrorists carried out their ghastly work Dillon also explores the ideology of the cult of the gunmen and the greed and hatred that motivated assassins in their killing sprees There are penetrating insights into the mindset of the most infamous assassins their social and historical conditioning their callousness and their unquestioning
