Balthasar At The End Of Modernity:

Balthasar at End of Modernity, 1999-01-01 With a Foreword by Fergus Kerr and an Afterword by Rowan Williams In an age when theology appears fragmented as never before this volume intends to show how von Balthasar is one of the very few contemporary theologians to have demonstrated how the patterns and resources of the Christian tradition have extraordinary pertinence today The authors represent a new generation of Anglican theologians sympathetic to von Balthasar s thought exploring it both in order to discover its fundamental dynamics and to see how it may be brought into new dialogues The authors represent the Radical Orthodoxy movement in Anglican theology and are sympathetic to von Balthasar s thought exploring it both in order to discover its fundamental dynamics and to see how it may be brought into new dialogues One of the Trinity Has Suffered: Balthasar's Theology of Divine Suffering in Dialogue Joshua R. Brotherton, 2020-01-01 Hans Urs von Balthasar s discourse on the descent of Christ into hell and its implications for the Triune God have been disputed for half a century One of the Trinity has Suffered evaluates and revises von Balthasar s theology of divine suffering in a way that interacts with and significantly enriches contemporary Catholic theology In this book Joshua R Brotherton engages twentieth century Thomistic theology as well as the thought of Pope Emeritus Benedict XVI Joseph Ratzinger and Pope St John Paul II Drawing from the vast secondary literature on von Balthasar Brotherton offers a balanced assessment of his work on the topic of divine suffering both critical and appreciative Recognizing von Balthasar s laudable attempt to integrate mystical spirituality and systematic theology Brotherton seeks to distinguish valid insights from confused mixtures of metaphorical meta symbolic and philosophical metaphysical discourse on God particularly with respect to the classical problem of how the Creator who willed to become incarnate may be said to suffer Truly One of the Trinity has suffered and yet this mystery of faith must be carefully explained and understood in conformity with sustained Catholic reflection on divine immutability and simplicity the dual nature and unique personhood of Christ the Trinity of divine subsistent relations the freedom of God in creating and becoming man the analogy of being the problem of evil and the immensity and infinite value of Christ s redemptive suffering Hans Urs von Balthasar's Theology of Representation Jacob Lett, 2023-04-15 This penetrating study makes a case for the centrality of the concept of representation Stellvertretung in Hans Urs von Balthasar s theological project How is it possible for Christ to act in the place of humanity In Hans Urs von Balthasar s Theology of Representation Jacob Lett broaches this perplexing soteriological question and offers the first book length analysis of Balthasar s theology of representation Stellvertretung Lett s study shows how Balthasar rehabilitates the category of representation by developing it in relationship to the central mysteries of the Christian faith concerned by the lack of metaphysical and theological foundations for understanding the question above Balthasar ultimately grounds representation in the trinitarian life of God making action in the place of the other central to divine and creaturely being Lett not only articulates the centrality of representation to Balthasar s theological project but also demonstrates that Balthasar s theology of representation has the

potential to reshape discussions in the fields of soteriology Christology trinitarian theology anthropology and ecclesiology This work covers a wide range of themes in Balthasar's theology including placial and spatial metaphors a post Chalcedonian Christology of Christ's two wills and theories of drama This book is also a text of significant comparative range Lett considers Balthasar's key interlocutors Gregory of Nyssa Maximus Aquinas Przywara Ulrich Barth and expands this base to include voices beyond those typically found in Balthasarian scholarship including Dietrich Bonhoeffer and Dorothee S. Ile The overall result is a deeply probing presentation of one of Balthasar's most significant contributions to contemporary theology

The New Catholic Feminism Tina Beattie, 2004-06 Having confronted the conflict between feminism and the Vatican and Pope Benedict XVI Beattie proposes a new theological approach to the encounter between feminism and Catholicism for the twenty first century Jacket New Catholic Feminism Tina Beattie, 2006 It is hard to over estimate the challenge that feminism poses to Roman Catholicism Pope John Paul II's call for a new feminism has led to the development of a Catholic theological response to the so called old feminism The New Catholic Feminism sets up a dramatic encounter between the orthodox Catholic establishment and contemporary critical theory including feminist theology and philosophy queer theory and French psycholinguistics in order to explore fundamental questions about human identity personhood and gender From the naked bodies of Eden to the gay nuptials of liturgy it argues that the strange and volatile world of Catholic sexual symbolism cannot be tamed to meet the ideological agendas of either feminist theology or conservative Catholicism Only through a radical re evaluation of the sacramental significance of the sexed human body might the Catholic Church provide a redemptive response to the sexual politics of contemporary society

Simut, 2008-06-15 This book charts Hans Kung's transition from traditionalism to modernism using his work as a vehicle to compare contemporary theology to traditional Christianity Looking at the traditional signs of the church unity catholicity

holiness and apostolicity in Kung's Structures of the Church 1962 and modern ecclesiology in his On Being a Christian 1974

Conversing with Barth John C. McDowell, Mike Higton, 2004 Karl Barth addressed all the major themes of dogmatic theology and in so doing made his own distinctive contribution to each of the ongoing conversations that constitute that theology This book presents important new conversations with Barth by leading contemporary theologians and Barth scholars Each contributor offers their own distinctive emphasis to bring to light the ways in which the depths of Barth's work may illuminate or be illuminated by the work of other prominent thinkers who preceded or followed him The conversations they host between Barth and other philosophers and theologians raise critical questions in the reading and appreciation of Barth's thought and explore a wide range of themes in dogmatic theology This book not only adds to the comprehension of the riches of Barth's theology but also presents an important contribution to the ongoing conversations and debates alive in theology today Contributors Nicholas Lash John Webster Timothy Gorringer Graham Ward George Hunsinger Ben Quash Mike Higton John McDowell Eugene Rogers Katherine Sonderegger David Clough David Ford **Theological Studies** William James McGarry, John Courtney Murray, 2004 *Christian Spirituality and the Culture of Modernity* Peter J. Casarella, George Peter Schner, 1998 This volume celebrates the thought of Louis Dupre a man who has assayed our present situation by plumbing the spiritual foundations of our modern cultural crisis This introduction to his thought is a valuable resource for rethinking our categories **Migration in a Global World** Solange Lefebvre, Luiz Carlos Susin, 2008 *Bulletin of the John Rylands University Library of Manchester*, 1998 **AAR/SBL Annual Meeting Program** American Academy of Religion. Meeting, 1999 **Saving Karl Barth** D. Stephen Long, 2014-02-01 Challenging recent rejections of Hans Urs von Balthasar's groundbreaking study of Karl Barth's theology Stephen Long argues that these interpreters are myopically impatient with the nuances of Balthasar's reading of Barth and fail to appreciate the longstanding theological friendship that perdured Even more current readings threaten to re-pristiniate the embattled divide hall-marking Protestant Catholic relations prior to Vatican II Long contends against these contemporary trajectories in a substantial defense of Balthasar's theological

preoccupation with Barth's thought. This book offers one of the first full contextualizations of the friendship that developed between Balthasar and Barth which lasted from the 1930s until Balthasar's death in the 1980s. Re-evaluating Balthasar's theological work on Barth, the present volume provides a critical new reading of not only Balthasar's original volume but a wider account of the systematic engagement Balthasar carried on throughout his career. Within this a paradigm for fruitful, generous ecumenical dialogue emerges.
