Another popular platform for Baltic Business books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals.

These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers.
