Historical Dictionary of the Philippines Artemio R. Guillermo, 2012 The Historical Dictionary of the Philippines Third Edition contains a chronology an introductory essay an extensive bibliography and several hundred

cross referenced dictionary entries *The Philippines* David Joel Steinberg, 2018-02-19 A unified nation with a single people the Philippines is also a highly fragmented plural society Divided between uplander and lowlander rich and poor Christian and Muslim between those of one ethnic linguistic and geographic region and those of another the nation is a complex mosaic formed by conflicting forces of consensus and national identity and of division and instability It is not possible to comprehend the many changes in the Philippines such as the rise and fall of Ferdinand Marcos or the revolution that toppled him without an awareness of the religious cultural and economic forces that have shaped the history of these islands These forces formed the focus of the first edition of *The Philippines* Of that 1982 edition the late Benigno Aquino Jr noted that anyone wanting to understand the Philippines and the Filipinos today must include this book in his must reading list The fourth edition has been updated through the final years of the Ramos presidency and contains a new section on the impact of President Estrada *Policing and the Politics of Order-Making* Peter Albrecht, Helene Maria Kyed, 2014-10-30 This anthology explores the political nature of making order through policing activities in densely populated spaces across Africa Asia and Latin America Based on ethnographic research the chapters analyze this complex with respect to marginalized young men in Haiti community policing members and national politicians in Swaziland as well as other individual and collective actors engaged in policing and politics in Indonesia Swaziland Ghana South Africa Mexico Bolivia Haiti and Sierra Leone What these contexts have in common is a plurality of order making practices Not one institution monopolizes the means of violence or a de facto sovereign position to do so A number of interests are played out simultaneously entailing re negotiations over the very definition of what order is How and by whom a particular order is enforced is contested at times violently so and is therefore inherently political In the existing literature on weak states legal pluralism and policing in the Global South it is seldom made explicit that making order is a route to power and positions of political decision making It is this gap in the literature that this anthology fills as it analyses the politics at stake in processes of order making

Communal Intimacy and the Violence of Politics Steffen Bo Jensen, Karl Hapal, 2022-05-15 *Communal Intimacy and the Violence of Politics* explores the notoriously brutal Philippine war on drugs from below Steffen Bo Jensen and Karl Hapal examine how the war on drugs folded itself into communal and intimate spheres in one Manila neighborhood Bagong Silang Police killings have been regular occurrences since the birth of Bagong Silang *Communal Intimacy and the Violence of Politics* shows that although the drug war was introduced from the outside it fit into and perpetuated already existing gendered and generational structures In Bagong Silang the war on drugs implicated local structures of authority including a justice system that had always been deeply integrated into communal relations The ways in which the war on drugs transformed these intimate relations between the state and its citizens and between neighbors may turn out to be the most lasting impact of Duterte s infamously violent policies **Crime Prevention** David A. Mackey, Kristine Levan, 2013 Written by a collection of scholarly experts *Crime Prevention* presents significant issues related to contemporary crime prevention

efforts Interdisciplinary in its approach the text is written for courses within a criminal justice or sociology curriculum Co Editor and author David Mackey begins by emphasizing the importance of crime prevention as it relates to financial and social costs and introduces students to the theoretical models of crime prevention The subsequent order of the chapters parallels the medical model of crime prevention moving from primary crime prevention secondary crime prevention and tertiary crime prevention efforts Traditional areas of crime prevention are reflected in the chapters on family schools guns policing sentencing and correctional programs and additional chapters cover emerging areas now considered critical to crime prevention such as technology surveillance and specific efforts to protect more vulnerable populations Key Features Includes a comprehensive look at the many facets of crime prevention merging both the theory and practice Provides a comprehensive discussion on a range of crime prevention topics while incorporating a theoretical foundation a look at previous research and existing policy analysis Includes the most recent data in the field acknowledging the recent changes in crime prevention due to increased awareness of terrorism and advances in technological capabilities Resources Instructor resources include a complete Test Bank and PowerPoint Lecture Outlines

Law and Justice in Post-British Nigeria Nonso Okereafoezeke,2002 The roles of the native and the foreign English style justice systems in the administration of law and justice in Nigeria based on data from Nigeria s Igbo are examined here Okereafoezeke uses case studies to look at the nature of colonially imposed justice and the relationship between informal and formal justice He concludes that the imposed English style justice system is incapable of dealing with Nigeria s social control problems because it does not anticipate and manage the wide range of issues that the native systems do
