Customer-Centric Marketing Strategies: Tools for Building Organizational Performance Kaufmann, Hans-Ruediger,2012-11-30 As customer orientation continues to gain importance in the marketing field there has been a growing concern for organizations to implement effective customer centric policies Customer Centric Marketing Strategies Tools for Building Organizational Performance provides a more conceptual understanding on customer centric marketing strategies as well as revealing the success factors of these concepts This book will discuss how to improve the organization s financial and marketing performance Light ,1898 **Jacobs' Orchestra Monthly** ,1930 Italian Fascists on Trial, 1943-1948 Roy Palmer Domenico,1991 Roy Domenico describes and evaluates the controversial efforts in Italy to punish Fascists after the overthrow of Mussolini in 1943 and the more violent efforts to do so after the liberation of German occupied northern Italy in 1945 He focuses on the trials and bureaucratic purges of Fascists and illuminates the political struggles between those who favored the sanctions and those who opposed them According to Domenico sanctions against Fascists were complicated by a widespread inability to define and place blame Those most likely to be tried he argues were symbolic or strategic figures who were prominent in the dictatorship or were otherwise closely identified in the public s mind with the regime and whose prosecution would make a dramatic impression The scope of sanctions was restricted further by focusing on those who served Mussolini s collaborationist Salo regime and away from the Fascists of the 1922-43 dictatorship The British and Americans were ambivalent about prosecuting the Fascists in part says Domenico because they did not look

upon Italian fascism as nearly as objectionable as German nazism In theory they wanted the most notorious Fascists to be investigated and punished but in practice they did not want to create bureaucratic chaos in what was left of the weak Italian state or to strengthen the far Left Further the outbreak of the civil war in liberated Greece in the winter of 1944 45 alarmed many who feared that civil war might erupt in northern Italy as well Domenico concludes that although Italy dismantled a dictatorship and became a democratic republic in the space of three years the Italian experience nevertheless illustrates the resilience of the old order and its tenacity in maintaining influence Originally published in 1991 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value
