Gotera, 1994 Although poets have written about warfare since at least the time of Homer the Vietnam war has struck many observers as being immune to the interpretations of poetry and myth Lyric poetry of a traditional kind writes one critic has proved inappropriate to communicate the character of the Vietnam war its remoteness its jargonized recapitulations its seeming imperviousness to aesthetics Nonetheless the past two decades have seen an unprecedented outpouring of poetry that seeks to describe and come to terms with that bitterly divisive conflict In *Radical Visions* Vince Gotera argues that poetry written by Vietnam veterans underlines the failure of traditional American myths to help Americans understand the war and its aftermath The book blends sociohistorical commentary with close readings of individual works by such poets as Michael Casey Walter McDonald and W D Ehrhart In the book's first section *The Nam* Gotera examines several key mythic structures the Wild West a violent extension of the mythic virgin land the machine in the garden the city on the hill regeneration through violence all of which helped delude Americans about Vietnam and the war being fought there In the second part *The World* Gotera shows how another myth the American Adam as an exemplar of ahistorical innocence proved unusable for returning veterans attempting to readjust to American life In addition to exposing these failed myths Gotera argues the poetry by Vietnam veterans reflects an effort to construct new myths most notably that of the warrior against war an oxymoronic structure arising from the difficulties faced by returning veterans In the book's final chapters Gotera examines the work of Bruce Weigl and Yusef Komunyakaa two poets whom the author considers most successful at portraying the moral absurdity of the Vietnam war without sacrificing lyrical aesthetics The first comprehensive study devoted exclusively to poetry by Vietnam veterans *Radical Visions* argues that this body of writing registers an important advance in the aesthetics and poetics of war literature and offers a cogent antiwar statement rooted in personal experience **The Tet Offensive** James H. Willbanks, 2008 In the Tet Offensive of 1968 Viet Cong and North Vietnamese forces launched a massive countrywide attack on South Vietnam Though the Communists failed to achieve their tactical and operational objectives James Willbanks claims Hanoi won a strategic victory The offensive proved that America's progress was grossly overstated and caused many Americans and key presidential advisors to question the wisdom of prolonging combat Willbanks also maintains that the Communists laid siege to a Marine combat base two weeks prior to the Tet Offensive known as the Battle of Khe Sanh to distract the United States It is his belief that these two events are intimately linked and in his concise and compelling history he presents an engaging portrait of the conflicts and singles out key problems of interpretation Willbanks divides his study into six sections beginning with a historical overview of the events leading up to the offensive the attack itself and the

consequent battles of Saigon Hue and Khe Sahn He continues with a critical assessment of the main themes and issues surrounding the offensive and concludes with excerpts from American and Vietnamese documents maps and chronologies an annotated list of resources and a short encyclopedia of key people places and events An experienced military historian and scholar of the Vietnam War Willbanks has written a unique critical reference and guide that enlarges the debate surrounding this important turning point in America s longest war **Vietnam, an American Ordeal** George Moss,1994 **America and the Indochina Wars, 1945-1990** Lester H. Brune,Richard Dean Burns,1992 The publishers weekly ,1987

*Abandoning Vietnam* James H. Willbanks,2004 Drawing upon both archival research and his own military experiences in Vietnam Willbanks focuses on military operations from 1969 through 1975 He begins by analyzing the events that led to a change in U S strategy in 1969 and the subsequent initiation of Vietnamization He then critiques the implementation of that policy and the combat performance of the South Vietnamese army ARVN which finally collapsed in 1975 **Encyclopedia of the Vietnam War: N-Z** Spencer Tucker,1998 Books in Print ,1994 *America in the World* Michael J.
