The Fall of an Empire, the Birth of a Nation Chris Chulos,Timo Piirainen,2017-12-01 This title was first published in 2000 A collection of articles by Russian and Western experts on nationalism The objective of the work is to give an overview of the new Russian identity building and of the historical continuities that lie behind this ongoing process The main theme is the shift from empire and imperial consciousness characteristic both of the imperial Russia and the Soviet Union towards a new identity as a nation state Ultra nationalism and the threat posed by ultra right extremists groups is also among the most important themes in the book The rising nationalist extremism is one of the several major projects that seek to redefine the Russian nationhood The ultra nationalist challenge is examined in several articles the anatomy of extreme Russian nationalism is also examined through a case study of a small militant group of extremists **Baltic States** United States. Congress. House. Select Committee on Communist Aggression,1972 *Alfred Valdmanis and the Politics of Survival* Gerhard P. Bassler,2000-03-04 Alfred Valdmanis is best known in Canada for his infamous role in Premier Joey Smallwood s scheme to industrialize Newfoundland A Latvian immigrant he was appointed Director General of Economic Development in 1950 with the understanding that through his connections to Europe he could entice German and Baltic industrialists to the isolated rural island His influence was brought to an abrupt end when in 1954 he was charged with defrauding the government The media latching on to his murky past and his possible affiliation with war criminals made him the scapegoat of Newfoundland s problems painting him as part comedian part sinister villain This was not the first time his name was connected with controversial issues Valdmanis s wily political manoeuvring is more the stuff of fiction than history Between 1938 at age 29 and his ironic downfall in the safe haven of Canada he was a finance minister of pre war Latvia a government official during the Soviet invasion a shrewd collaborator under the Nazi occupation then a friend to the Allies a spokesman for Latvian POW and displaced persons and an adviser to the government of Canada In this first serious biography of Alfred Valdmanis historian Gerhard Bassler casts the story of this political manipulator and chameleon in new terms the often tragic consequences of the will to survive **Latvia in Transition** Juris Dreifelds,1996-02-23 During its post Soviet reconstruction Latvia has become a role model in macroeconomic stabilization and democratization Latvia in Transition provides the material necessary to understand present day Latvia The author examines the main events processes and problems of this

country during the period of transition from a dependent and Moscow dominated Soviet Republic to an independent and also interdependent state The book presents the most relevant and essential aspects of Latvia s history politics economics and society

Lithuania Thomas Lane,2014-04-08 This book offers a concise survey of Lithuania s peaceful transition to independence in the postcommunist era and shows how the country has moved to return to Europe whilst also resisting the dilution of her rich culture and traditions *Hearings* United States. Congress. House,1954 Baltic States United States. Congress. House. Select Committee on Communist Aggression,1972

Latvia in World War II Valdis O. Lumans,2006 Valdis Lumans provides an authoritative balanced and comprehensive account of one of the most complex and conflicted arenas of the Second World War Struggling against both Germany and the Soviet Union Latvia emerged as an independent nation state after the First World War In 1940 the Soviets occupied neutral Latvia deporting or executing more than 30 000 Latvians before the Nazis invaded in 1941 and installed a puppet regime The Red Army expelled the Germans in 1944 and reincorporated Latvia as a Soviet Republic By the end of the war an estimated 180 000 Latvians fled to the West The Soviets would deport at least another 100 000 Drawing on a wide range of sources many brought together here for the first time Lumans synthesizes political military social economic diplomatic and cultural history He moves carefully through traditional sources many of them partisan to scholarship emerging since the end of the Cold War to confront such issues as political loyalties military collaboration resistance capitulation the Soviet occupation anti Semitism and the Latvian role in the Holocaust

The Russian Revolution and Civil War 1917-1921 Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state Guide to the Study of the Soviet Nationalities Stephan M. Horak,Marjorie Mandelstam Balzer,1982 A History of the Baltic States Andres Kasekamp,2017-10-26 In this key textbook Andres Kasekamp masterfully traces the development of Estonia Latvia and Lithuania from the northern crusades against Europe s last pagans and Lithuania s rise to become one of medieval Europe s

largest states to their incorporation into the Russian Empire and the creation of their modern national identities Employing a comparative approach a particular emphasis is placed upon the last one hundred years during which the Baltic states achieved independence endured occupation by the Soviet Union and Nazi Germany and transformed themselves into members of the European Union This is an essential textbook for undergraduate students taking modules on Eastern or Central European History Communism and Post Communism the Soviet Union or Baltic Culture and Politics Engaging and accessible this is also an ideal introduction to the Baltic States for general readers
