Reinelt, Joseph R. Roach, 2007 Updated and enlarged this groundbreaking collection surveys the major critical currents and approaches in drama theater and performance *Book Review Digest*, 1918 **Spike Lee** Jason P. Vest, 2014-09-30 Spike Lee's journey from guerrilla filmmaker to Hollywood insider is explored in light of his personal background the cultural influence of his films and the extensive scholarship his movies have inspired This insightful study probes the iconic filmmaker's career as a director and shaper of American culture It not only sheds light on the ways in which Lee's background influences and outlook affect his films but also discusses how he participates in transforms and transcends the tradition of black American filmmaking Each chapter offers a critical assessment of at least one and sometimes multiple Lee films examining their production history their place in Lee's filmography and their aesthetic cultural and historical significance Readers will come away from this first scholarly assessment of Lee's career and work with a better understanding of his penchant for stirring up controversy about significant social political and artistic issues as well as his role as an American artist who provokes his audiences as much as he pacifies them *Understanding Media in the Digital Age* Everette E. Dennis, Melvin Lawrence DeFleur, 2010 Written by two of the field's most eminent experts this exciting new introduction to mass media makes connections between communication research and the reality of the media industry *Understanding Media in the Digital Age* shows readers how to navigate the world of traditional and new media while fostering an understanding of mass communication theory history active research findings and professional experience The Ghana Revolution, from Nkrumah to Jerry Rawlings Ebenezer Babatope, 1982 This book was published in the immediate aftermath of Jerry Rawlings' 1981 coup and proclamation of the Ghana Revolution in January 1982 The author gives an account of the history of the socialist African revolution in Ghana from Nkrumah to Rawlings He argued that Rawlings represented a continuity of the socialist African revolution which drove Nkrumah and other revolutionary leaders to commit the resources and future of Ghana to overcome the imperial powers He puts the case for the continuing need for a unified self-reliant socialist state and considers the high hopes for Rawlings' revolution and socialist ideology with which he concurs including his potential to inspire other African revolutions provide the strong African leadership required for greater African economic independence and an African presence in international relations The book represents a historical view of Rawlings' role at a particular point in time **The Revolutionary Idea in France, 1789-1871** Godfrey Elton Baron Elton, 1923 American Book Publishing Record, 2002 The Politics of History Howard Zinn, 1990 A series of case studies and essays arguing for a radical approach

Irony in the Age of Empire Cynthia Willett, 2008-07-09 Comedy from social ridicule to the unruly laughter of the carnival provides effective tools for reinforcing social patterns of domination as well as weapons for emancipation In *Irony in the Age of Empire* Cynthia Willett asks What could embody liberation better than laughter Why do the oppressed laugh What vision does the comic world prescribe For Willett the comic trumps standard liberal accounts of freedom by drawing attention to bodies affects and intimate relationships topics which are usually neglected by political philosophy Willett's philosophical reflection on comedy issues a powerful challenge to standard conceptions of freedom by proposing a new kind of freedom that is unapologetically feminist queer and multiracial This book provides a wide ranging original thoughtful and expansive discussion of citizenship social manners and political freedom in our world today The National Review, 1916 **The Ancien Régime and the French Revolution** James B. Collins, 2002 The historian writing about the French Revolution in 2001 faces an odd situation because the long struggle of the Classicists and Revisionists has died down in part because there are so few Classical historians of the French Revolution still active That truce is puzzling in some ways because the Revisionists although they drove the Classicists from the field never succeeded in creating a synthesis of their own Now the old quarrel has moved to the wings the new historiography of the French Revolution both in the Francophone and Anglophone worlds has shifted into cultural evolution This book offers a synthesis of the events but one that integrates material from these different historiographical schools with a careful look at many of the original documents Pref **The New York Times Film Reviews 1999-2000** New York Times Theater Reviews, 2001-12 From the Oscar winning blockbusters *American Beauty* and *Shakespeare in Love* to Sundance oddities like *American Movie* and *The Tao of Steve* to foreign films such as *All About My Mother* the latest volume in this popular series features a chronological collection of facsimiles of every film review and awards article published in *The New York Times* between January 1999 and December 2000 Includes a full index of personal names titles and corporate names This collection is an invaluable resource for all libraries **Book Review Index Cumulation** Dana Ferguson, 2005-09 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year
