Bananas In Pyjamas Birthday Party:

Bananas in Pajamas Make the Story, 2000 **Australian Children's Books, 1980-2000** Marcie Muir, Kerry White, 2004 All Australian children's books published from 1989 to 2000 are listed in this essential reference for those who appreciate the richness of Australian writing for children Following the same format as volumes 1 and 2 in this series chronicling books published as early as 1774 entries include publishing details the number of illustrations and the awards received for each book This third volume follows the continuing careers of authors such as Mem Fox Bob Graham Robin Klein and Paul Jennings and traces changes in the popularity of Australian themes and settings to identify publishing trends Varied cultural aspects of modern day life are shown from globalization commercialism and the rise of the middle class in Asia to desktop publishing outcome based school curricula and the modern obsession with celebrities all of which are reflected in the type and quantity of books produced by Australian writers and publishers The wealth of included material will extend researchers understanding of the range of Australian children's books **Sophie Pascoe - Stroke of Fate** Tony Smith, 2013-10-22 Losing a leg in a lawnmower accident would be catastrophic for most people But swimming star Sophie Pascoe believes it's the best thing that has happened to her She reveals how her family helped her turn a negative into a positive and how she developed the drive to become one of the world's greatest Paralympians And of course she talks about bursting on to the international sporting stage with three gold medals and a silver as a schoolgirl at the Beijing Paralympic Games in 2008 her brush with losing her other leg and the mental strength she had to summon to go on to break a swag of world records and reap three further gold medals at the 2012 London Paralympics **Film, Video and Multimedia Guide** Peter Tapp, 1997 Films videos and multimedia products released in Australia in the last 18 months 6 000 titles include feature films documentaries educational titles etc Lists where titles can be borrowed or bought in Australia and New Zealand Has title category i e subject country and director indexes Includes summaries *Understanding Representation* Wendy Helsby, 2019-07-25 This is the third book in the Understanding the Moving Image series Like other books in the series it aims to provide a strong critical and theoretical base for the study of the media It has been co authored by experienced Media and Film Studies tutors offering fresh and innovative ways of talking about the key concept of representation How is the world mediated to deliver messages and create beliefs about groups such as the mentally ill institutions like the family and schools minority and marginalised people and issues of nation seen through football and films It also looks outside our ethnocentric mediated world to see how we are represented to others The choice of texts reflects both an attempt to push the boundaries of the study of representation with new research but also to make it accessible and stimulating for students coming into this area for the first time Case studies reflect contemporary concerns in the media often from different perspectives The Long View Richard Fisher, 2023-03-30 A wide ranging and thought provoking exploration of the importance of long term thinking Humans are unique in our ability to understand time able to comprehend the past and future like no other species

Yet modern day technology and capitalism have supercharged our short termist tendencies and trapped us in the present at the mercy of reactive politics quarterly business targets and 24 hour news cycles It wasn't always so In medieval times craftsmen worked on cathedrals that would be unfinished in their lifetime Indigenous leaders fostered intergenerational reciprocity And in the early twentieth century writers dreamed of worlds thousands of years hence Now as we face long term challenges on an unprecedented scale how do we recapture that far sighted vision Richard Fisher takes us from the boardrooms of Japan home to some of the world's oldest businesses to European laboratories where scientists work as custodians on centuries long experiments He examines the psychological biases that discourage the long view and talks to the growing number of people from the worlds of philosophy technology science and the arts who are exploring smart ways to overcome them How can we learn to widen our perception of time and honour our obligations to the lives of those not yet born
