*Bangkok* Barry Bell, 2004-10 *Bangkok Angelic Allusions* uses the tangible artefacts of the city its topography streets and monuments as vehicles for speculating on Bangkok and its central mythologies Significant in themselves these physical objects or categories also bring structure to other more perceptual observations and speculations [Bangkok: City of Angels](#) Joe Cummings, 2012-11-27 This Thailand travel pictorial presents Bangkok s ancient traditions breathtaking architecture and vibrant city culture Situated on the banks of the Chao Phraya Thailand s capital has spectacular Buddhist statues unique cultural experiences and a variety of natural color that Bill Wassman s camera captures to an extraordinary degree In over 140 stunning color photographs backed by the lucid and insightful writing of authors Joe Cummings and Bill Wassman brings us exquisite portraits and views of Bangkok s people places and a host of other delights Wassman s work is an absolute joy to experience as it celebrates the beauty of this remarkable city In allowing readers to enter the world of Bangkok they show clearly why Thailand s heartbeat continues to enchant and beguile all who visit her *Bangkok* Barry Bell, 2003 Using direct observations of the surrounding landscape and the tangibel artifacts of the city its topography streets temples and other stunning architectural monuments Barry Bell carries out a progressive investigation into Bangkok s urban sensibility and its central mythologies the more mysterious perceptual realms of allusion and illusion arguably the real Bangkok implicitly present within its deceptive exterior In spite of the knowledge that for many people order seems alien to the city the author searches for conceptual coherence He strives to link the city s hectic urban sensibility to its more elusive and hidden character the dream of Bangkok that is prompted by angelic allusions P 2 of cover [Planet Utopia](#) Mark Featherstone, 2017-02-17 The key figure of the capitalist utopia is the individual who is ultimately free The capitalist s ideal society is designed to protect this freedom However within Planet Utopia Utopia Dystopia Globalisation Featherstone argues that capitalist utopian vision which is most clearly expressed in theories of global finance is no longer sustainable today This book concerns the status of utopian thinking in contemporary global society and the possibility of imagining alternative ways of living outside of capitalism Using a range of sociological and philosophical theories to write the first intellectual history of the capitalist utopia in English Featherstone provokes the reader into thinking about ways of moving beyond this model of organising social life through sociological modes of thought Indeed this enlightening volume seeks to show how utopian thinking about the way people should live has been progressively captured by capitalism with the result that it is difficult to imagine alternatives to capitalist society today Presenting sociology and sociological thinking as a utopian alternative to the capitalist utopia Planet Utopia will appeal to postgraduate and postdoctoral students interested in subjects including Sociology Social Theory Cultural Studies Cultural Theory and Continental Philosophy **Bangkok** Germaine Krull, 1964 *"Hours like bright sweets in a jar"* Sonia Front, Alicja Bemben, 2014-10-16 The papers gathered in the present collection investigate time and temporality from a number of interdisciplinary perspectives literary or film studies postcolonial theory

physics philosophy psychology urban studies history and gender studies This wide spectrum of scholarly approaches encompasses chapters dealing with the convergences of time and the human psyche time and the body time and memory time and trauma time and change time and cultural reproduction time and language time and the city and time and identity It transpires that the imaginary refigurations of time more often than not constitute resistance against the linearity of chronometric time represented by institutions capitalism government and power and attempts to colonize the human psyche In attempting to assault this hegemony of linear time literary cinematographic and cultural practice enacts exploding temporalities to reflect the multifacetedness and multidirectionality of the human experience of time

The Surplus of Culture Ewa Borkowska, Tomasz Burzyński, 2011-07-12 This multifaceted volume presents the elusive surplus of culture in the spotlight of theory and academic practice Despite its overtly economic implications the concept alludes to the added value of sense common sense and nonsense which is represented as languages of irony irrationality and absurdity potentially subverting traditional and mainstream regimes of culture Consequently the moment of surplus is inherent in critical interpretation in which supposedly well entrenched notions suddenly reveal their implicitly shattering and subversive nature The surplus of culture dwells at the risky intersection of untamed interpretation and tradition It is the space of the third in which literary canons are re visited language reveals its hidden political agendas the Orient reclaims its own cognitive perspective and established structures of cognition are questioned in the tragic comic gesture of insight The volume is a must for scholars and researchers in the fields of cultural studies literature and arts as well as literary theory

**Bangkok** Maryvelma Smith O'Neil, 2008 Bangkok stands out as a place of extraordinary allure Beginning as a floating city in a lush tropical setting known to foreigners as the Venice of the East centuries later its majestic Grand Palace and glittering Buddhist temples would compete for the horizon with Western chimneystacks Chinese immigration and investment and Indian commerce have also visibly marked the cityscape where great ethnic diversity is represented in the world famous Thai cuisine Fascinating pockets of traditional indigenous life percolate under a surface of modernity while fragments of intense beauty and sensation abound in the labyrinthine lanes and alleys that replaced canals Bangkok bears the longest city name in the world forty three syllables Locals have shortened it to Krung Thep which means City of Angels Maryvelma O Neil explores their city rich in art history royal ceremony and tradition
