**Le banquet de Rimbaud** Anne-Emmanuelle Berger,1992      **Poetry at Stake** Carrie Noland,2021-03-09 Taking seriously Guillaume Apollinaire's wager that twentieth century poets would one day mechanize poetry as modern industry has mechanized the world Carrie Noland explores poetic attempts to redefine the relationship between subjective expression and mechanical reproduction high art and the world of things Noland builds upon close readings to construct a tradition of diverse lyricists from Arthur Rimbaud Blaise Cendrars and Ren Char to contemporary performance artists Laurie Anderson and Patti Smith allied in their concern with the nature of subjectivity in an age of mechanical reproduction      Genius Envy Adrianna M. Paliyenko,2017-01-03 In Genius Envy Adrianna M Paliyenko uncovers a forgotten history the multiplicity and diversity of nineteenth century French women's poetic voices Conservative critics of the time attributed the phenomenon of genius to masculinity and dismissed the work of female authors as feminine literature Despite the efforts of leading thinkers critics and literary historians to erase women from the pages of literary history Paliyenko shows how these female poets invigorated the debate about the origins of genius and garnered considerable recognition in their time for their creativity and bold aesthetic ideas This fresh account of French women poets contributions to literature probes the history of their critical reception The result is an encounter with the texts of celebrated writers such as Marceline Desbordes Valmore Ana S Galas Malvina Blanchecotte Louisa Siefert and Louise Ackermann Glimpses at the different stages of each poet's career show that these women explicitly challenged the notion of genius as gender specific thus advocating for their rightful place in the canon A prodigious contribution to studies of nineteenth century French poetry Paliyenko's book reexamines the reception of poetry by women within and beyond its original context This balanced and comprehensive treatment of their work uncovers the multiple ways in which women poets sought to define their place in history      *Nineteenth-century French Studies* ,1999

Scarfò,2007 Este libro analiza ciertos libros y autores que han expresado distintos tipos de imposibilidades filosóficas sociales y literarias intentando mediante ellos un acercamiento a las voces que desaparecen continuamente de la literatura Toda literatura constituye aquí una relación paradójica entre lo imposible y lo posible la escritura Capturar la realidad de una doble caída de las literaturas en lo imposible y en lo posible es la crucial tarea de estas líneas Para ello hemos construido un panorama histórico de estas imposibilidades en base al cual una teoría se despliega Se analiza luego cómo la misma se manifiesta en dos cosas paradigmáticas de las literaturas castellana y portuguesa Borges y Pessoa La literatura es aquí pensada como una relación entre la muerte y la escritura constituyendo esta última el fruto de un despertar una caída del no ser en el ser construida sobre una imposibilidad sobre un sueño Se ha trazado

asimismo una relación entre la presencia del canon y la ausencia de las literaturas imposibles. A partir de allí se muestra la relación imposible fracaso y la dialéctica entre potencia y acto constituyendo este libro una tentativa de resaltar la potencialidad poética por sobre su relación efectiva. El autor se ha propuesto aquí pensar a aquellos en la penumbra y a los que la pensaron reflexionar sobre el hacerse de una obra y su tragedia la de aquellas ausencias que reclaman una presencia. Se ha buscado así explorar nuevas formas de lectura y nuevas formas de aprehender lo que está en juego en la literatura mostrando la abrumadora presencia de lo imposible como ausencia constitutiva de la misma.
