Code Community And Ministry:

The Laity as Participants in the Mission of the Church Humphrey C. Anameje, 2017-06-05 The church is made up of both the clergy and the laity And for it to properly fulfill the mission for which it was instituted by Christ all its members each according to his or her God given gift must contribute both to the upbuilding of the church and to its mission On the part of the laity their active participation in the general mission of the church ad intra and ad extra has been a great challenge in the life and practice of the church throughout its history The Second Vatican Council in its spirit of aggiornamento makes some positive difference This work critically examines the conciliar documents some relevant postconciliar documents and theological reflection of some theologians And finally it proffers solutions that will enhance the active participation of the laity in the mission of the church in general and the church in Southeast Nigeria in particular **Laity's Mission in the Local Church** Leonard Doohan, 2016-09-10 **The Emerging Diaconate** William T. Ditewig, 2007 Sketches the current state of the permanent diaconate especially in the United States then offers the historical developments which led to the contemporary diaconate and finally suggests a vision of the diaconate for the future always within the matrix of a servant ecclesiology which should characterize the entire Church **Comparative Third Sector Governance in Asia** Samiul Hasan, Jenny Onyx, 2008-01-08 Non profit organizations NGOs and other third sector organizations are increasingly playing a central role in achieving and sustaining a prosperous economy and a just civil society in countries around the world While their importance is widely acknowledged their sustainability is not guaranteed and depends to a large extent on effectiveness and accountability of their governance In Europe and North America the governance of these organizations setting directions and strategies identifying and ensuring type and quality of goods and services defining and maintaining relations among the stakeholders relating the organization to its wider society is generally seen as the role of the board of directors or the governing board In other parts of the world specifically Asia not much is known about the organization and running of these groups The book the first of its kind establishes new theory and knowledge in the area of third sector organizations TSOs in Asia The main purpose of this book is to draw the attention of Asia s TSOs on the importance of good governance It documents variety of approaches and identifies socio cultural economic and political dynamics and impacts of different models of TSO governance The combined information from the contributions in this work will ensure the sustainability of TSOs throughout Asia *Making Parish Councils Pastoral* Mark F. Fischer, 2010 The author s website www.PastoralCouncils.com offers the latest supplemental and practical resources to complement this book Book Jacket *Courageous Humility* Ditewig, William T., 2022 Courageous humility is a humility that takes risks investing the talents and strengths God has given us for the good of others The reflections revolve around that call Be strong and courageous Chapter One grounds the project in the Trinity the core dogma of the Church From the earliest days of the Church humility has been seen as the heart of Christian communal life so Chapter Two examines the classic insights on humility from St Benedict and his groundbreaking

Rule Humility should be the foundation of all the various external structures we create to support our mission of evangelization Chapter Three offers some suggestions on ecclesial structural reform Building on these foundational chapters the succeeding chapters focus on the diaconate within this context of ecclesial humility Chapter Four discusses the sacramentality of the diaconate Chapter Five suggests revisions to the Code of Canon Law vis vis the diaconate and Chapter Six recommends developments in the liturgy of diaconal ordination Chapter Seven responds to some of the recurring issues of the diaconate and Chapter Eight discusses how the Church may tap the full potential of the renewed diaconate

Keeping Faith in Practice James Sweeney,2013-02-12 Keeping Faith in Practice is an addition to SCM s growing Practical and Pastoral Theology list Most books in this field are written by authors from various Protestant backgrounds Catholic teachers in this field are frequently asked by colleagues for suggestions of Catholic resources and find themselves at a loss The central subject of this book is an exploration of how theology engages with the dimension of practice in the life of the Church and contemporary society and culture The book covers the main focal points of a Catholic view of pastoral practical theology its foundations and different fields

Children's Rights and Obligations in Canon Law Mary McAleese,2019-11-04 In the first study of its kind Mary McAleese subjects to comprehensive scrutiny the Roman Catholic Church s 1983 Code of Canon law as it applies to children The Catholic Church is the world s largest non governmental organisation involved in the provision of education and care services to children It has over three hundred million child members world wide the vast majority of whom became Church members when they were baptised as infants Canon law sets out their rights and obligations as members Children also have rights which are set out in the 1989 United Nations Convention on the Rights of the Child to which the Holy See is State Party The impact of the Convention on Canon Law is examined in detail and the analysis charts a distinct and worrying sea change in the attitude of the Holy See to its obligations under the Convention since the clerical sex abuse scandals became a subject of discussion at the Committee on the Rights of the Child which monitors implementation of the Convention Mary McAleese wins Europe s richest theology prize for her study of canon law The former President of Ireland Mary McAleese has won one of the Catholic world s most prestigious prizes the Alfons Auer Ethics Award from Tbingen University in Germany for her doctoral thesis on Children s Rights and Obligations in Canon Law
