Cassette Books Library of Congress. National Library Service for the Blind and Physically Handicapped,2007 **The Jesus Code** John Randolph Price,2000-02-01 A mystical experience reveals a new paradigm for life enabling us as the phoenix to rise triumphant from scarcity discord and sickness into a light filled world of abundance right relations and wholeness In a very vivid dream during the night of January 1 1998 John Randolph Price was emphatically denied access to the secret gate leading to Cosmic Consciousness Both curious and concerned he pondered what to do next Then he was suddenly given the specific instruction See Jesus for the Code John began the task immediately upon awakening first with quiet prayer to become attuned to the mind which was in Christ Jesus followed by several days of meditative inner plane work There was little progress until he took a break from the project and went for a long walk in the woods And it was there that he heard the central message of the Code a challenge for all of us to embrace a new Model of Reality and change our perspective on what it means to be spiritual in this world From this mystical experience came specific steps to higher consciousness a ladder to climb to a new dimension where the illusions of sickness scarcity and discord are shattered and a world of wholeness abundance and right relations is revealed John was also given a glimpse of the future as we enter the millennium and was shown how lasting peace will finally come to planet Earth Religious and Theological Abstracts ,1971

Garlow,2005 Fue Jesus solo humano y no divino Se caso Jesus con Maria Magdalena y tuvieron hijos Hay un caliz sagrado Si es asi que es y donde se le puede hallar Descifremos el codigo Da Vinci es la respuesta largamente esperada a estas y otras preguntas que tal vez lo han preocupado a usted o a lectores que usted conoce Los autores presentan evidencia contundente de que las afirmaciones de Brown no solo son historicamente inexactas sino que tambien pueden contener un proposito oculto *Jesus: a Gospel of Love* David Hoffmeister,2023-06-16 In Jesus A Gospel of Love Christian mystic David Hoffmeister offers a profound and transformative interpretation of the Gospels of the Bible focusing on the presence of Jesus in our lives and the power of his teachings to guide us in our spiritual journey With clarity and insight David reveals the true nature of Jesus as a symbol of pure love and reminds us that his message is

one of oneness forgiveness and the remembrance of our true identity as the Christ Through the pages of this book readers will be taken on a journey of spiritual awakening exploring the teachings of Jesus and discovering how they can be applied in their daily lives David offers practical guidance and inspiration to help readers align with the presence of Jesus within and experience the transformative power of his love Jesus A Gospel of Love is a must read for anyone seeking to deepen their present connection with Jesus and experience the timeless wisdom of the Gospels in a whole new light *Jesus: The Last Great Initiate* Edouard Schur, 1903-01-01 Criticism on the life of Jesus during the past century has been greatly to the fore A complete account of this criticism will be found in the luminous sketch made by M Sabatier 1 in which the entire history and present state of this investigation are given Sufficient for the moment to refer to the two principal phases supplied by Strauss and Renan with the object of determining the new point of view I now wish to offer Departing from the philosophical school of Hegel to ally himself with the critical and historical one of Bauer Strauss without denying the existence of Jesus endeavored to prove that his life as related in the Gospels is a myth a legend created by popular imagination to meet the necessities of a rising Christianity and in accordance with Old Testament prophecy His position a purely negative one but which he defended with great skill and erudition has been found true in certain details but quite untenable in its entirety and essential elements It has in addition the grave defect of explaining neither the character of Jesus nor the origin of Christianity The life of Jesus according to Strauss is a planetary system without a sun One merit however must be granted this work that of having transferred the problem from the ground of dogmatic theology to that of textual and historical criticism M Renan's *Vie de Jesus* owes its brilliant success to its lofty sthetic and literary qualities as well as to the boldness of the writer the first who dared make the life of the Christ a problem of human psychology Has he solved the problem After the dazzling success of the book the general opinion of all serious critics has been in the negative The Jesus of M Renan begins his career as a gentle dreamer an enthusiastic but simpleminded moralist he ends it as a violent thaumaturgist devoid of all idea of reality In spite of all the precautions of the historian says M Sabatier it is the march of a healthy mind in the direction of madness The Christ of M Renan hovers between the calculations of ambition and the dreams of a seer The fact is that he becomes the Messiah without wishing almost without knowing it He permits himself to be given this name merely to please the apostles and to fulfil the popular wish It is not with so feeble a faith that a true prophet creates a new religion and changes the soul of the earth The life of Jesus according to M Renan is a planetary system illumined by a pallid sun devoid of vivifying magnetism or creative heat How did Jesus become the Messiah That is the primordial question the solution of which is essential to the right understanding of the Christ it is also that before which M Renan hesitated and turned aside M Thodore Kein saw that this question must be boldly faced *Das Leben Jesu* Z rich 1875 3rd edition His life of Jesus is the most remarkable that has appeared since M Renan's It throws on the question all the light given by texts and history esoterically interpreted But the problem is not one capable of being solved without the aid of intuition and esoteric tradition It is by

means of this esoteric light the inner flame of all religions the central truth of all fruitful philosophy that I have attempted to reconstruct along its main lines the life of Jesus taking into account whatever previous historical criticism has hitherto cleared and prepared the ground No need to define what I mean by the esoteric point of view the synthesis of Religion and Science Concerning the historical and relative value of the Gospels I have taken the three synoptical Gospels those of Matthew Mark and Luke as a basis and that of John as the arcanum of the esoteric teaching of the Christ at the same time acknowledging the subsequent language and form and the symbolical tendency of this Gospel All four Gospels which should be mutually examined and verified are equally authentic though from different claims Those of Matthew and Mark are precious gospels of letter and fact therein are to be found the public deeds and words of the Christ The gentle Luke affords a glimpse of the mystery meaning beneath the poetical legend veil it is the Gospel of the Soul of Woman and of Love Saint John unfolds these mysteries in his Gospel are to be found the inner depths of the doctrine the secret teaching the meaning of the promise the esoteric reserve Clement of Alexandria one of the few Christian bishops who held the key to universal esoterism rightly named it the Gospel of the Spirit John has a profound insight of the transcendent truths revealed by the Master and a great facility in presenting them Accordingly his symbol is the Eagle whose wing cleaves the firmament and whose flaming eye encompasses the depths of space
