Coexisting Contemporary Civilizations:

Coexisting Contemporary Civilizations Guy Ankerl, 2000 Some important questions are discussed in this book Are there any civilisations other than the Western one living in our so called Global Age Eastern civilisation Is the concept of East anything more than non West Or does there exist in reality a distinct Chinese Indian Arabo Muslim and Western civilisation Is the construction of large civilisation states such as China and India an unparalleled historical achievement Do economic ties always eclipse other forms of affiliation such as those formed through kinship or between speech communities What is the role of the Latin and the Jewish Peoples in our Anglo American led Western world Is English today the global language or merely an international one Is the Chinese thought pattern closely related to its writing system Is today s world one of symmetrical interdependence Or rather one of hegemony If the so called North South or East West dialogue fails in constructing a universally accepted world civilisation then what is the appropriate arrangement for reaching such a consensus within humankind

Hermeneutics. A Road to Intercultural Dialogue and Coexistence Thomas Ndonyo Osoro, 2015-05-22 Seminar paper from the year 2015 in the subject Philosophy Theoretical Realisation Science Logic Language language English abstract Our contemporary society is marked with both positive and negative elements On one hand all world cultures want to develop into a contemporary world civilization heralded by the current and sophisticated information and communication technologies that have permeated through different social cultural and political religious realms In this socialization process there is the question as to if there is a proper dialogue among different cultures and cultural mindsets before accepting some cultural contents from another In this article I discuss three main points which have got to do with requisites for an intercultural socialization process based on the understanding of one s own culture the language use and the understanding of a culture s symbolism It is then after a well established interpretive processes leading to self awareness as persons in a culture that people of a given culture can open up to the others for a for and coexistence This is a challenging issue as some culture which consider themselves as superior to others may manipulate the process or simply requires that other cultures assimilate their style of life Nevertheless hermeneutics as a science of interpretation serves a useful tool in dealing with inter cultural exchange processes within the realm of the symbolic language use and the power of symbolism it shrouds The Word hermeneutics comes from a Greek Word hermeneuein which means to interpret Hernandez 2008 a task proper to human beings in order to meaningfully understand the world they inhabit Gonzalez 1996 146 holds the same thought when he asserts on the basis of experience and on the prevention of a possible future I make an option take an attitude decision or stand which automatically go adjusting themselves according to the new experiences that I encounter in communication in which we organize our possibilities and impossibilities author s translation Hence to interpret implies learning to live through the raising of Socratic questions in pursuit of the sense of the reality that

circumscribe our constant search for understanding According to Arr ez Calles Tovar 2006 the word Hermeneutics is not new in the human history as it has been used since the time of Aristotle 384 382 B C who used it in his work Organum in which he wrote Peri hermenais as an instrument for the correct and certain thought An Introduction to Contemporary Civilization in the West Columbia University,1930 **The Contemporary Review** ,1873 Contemporary Civilization ,1967 **Coexistence** Pamela Allara,2003 **Contemporary Civilization Source Book** Columbia University,1941 **Index Islamicus** ,2007 *Contemporary Civilization* Franklin Daniel Scott,1959 **Socially Engaged Spirituality** David W.
