Coincidence Robert Anton Wilson,1991-02 The spelling of the title is not a mistake Dance through Religion for the Hell of It The Physics of Synchronicity James Joyce and Finnegan s Wake The Godfather and the Goddess The Poet as Early Warning Radar Mammary Metaphysics The Married Catholic Priests Convention and much much more Coincidence Robert Anton Wilson,1988-01-01 The Many Faces of Coincidence Laurence Browne,2017-11-10 Although much has been said and written about coincidences there is a marked absence when it comes to the development of a comprehensive model that incorporates the many different ways in which they can be understood and explained One reason for this omission is undoubtedly the sharp divide that exists between those who find coincidences meaningful and those who do not with the result that the conclusions of the many books and articles on the subject have tended to fall into distinct camps The Many Faces of Coincidence attempts to remedy this impasse by proposing an inclusive categorisation for coincidences of all shapes and sizes At the same time some of the implications arising from the various explanations are explored including the possibility of an underlying unity of mind and matter constituting the ground of being Focus On: 100 Most Popular American Agnostics Wikipedia contributors, **Austrian Theory and Economic Organization** G. Nell,2014-08-13 The Austrian economic school famously predicted and explained the problems of calculation in a socialist society With their concept of spontaneous order they challenged mainstream economists to look beyond simplified static models and consider the dynamic and evolutionary characteristics of social orders However many feel that Austrians took their victory too far and became ideologically devoted to laissez faire Austrian Theory and Economic Organization is a collection of essays on problems and possibilities in economic organization written by economists and political scientists with an interest in the dynamic and evolutionary nature of market economies Each chapter explores areas of potential agreement between Austrian theory market socialist economics and other heterodox schools of economic and political science The collection aims to bridge cultural and political divisions between free market advocates who stress individual rights and left leaning thinkers who stress social justice and a culture of solidarity **Virtual Marshall McLuhan** Donald Theall,2001-01-19 Donald Theall explores and explains the significance of the emergence of McLuhan as an important figure in North America in the development of an understanding of culture communication and technology He reveals important information about McLuhan and his relationships with his earliest collaborator and life long friend anthropologist Edmund Carpenter as well as with Theall himself McLuhan s first doctoral student McLuhan emerges as a complex human being at once attractive witty egotistic and exasperating Theall examines McLuhan s many roles proponent of a poetic method pop guru adopted by Tom Wolfe Woody Allen and others North American precursor of French theory Baudrillard Barthes Derrida Deleuze artist and shaman Complex and intellectual neither uncritical adulation nor demonization The Virtual Marshall McLuhan does justice to a unique figure caught in a struggle between tradition and modernity between faith and anarchy **Hermes Explains**

Wouter Hanegraaff, Peter Forshaw, Marco Pasi, 2025-10-01 Few fields of academic research are surrounded by so many misunderstandings and misconceptions as the study of Western esotericism For twenty years now the Centre for History of Hermetic Philosophy and Related Currents University of Amsterdam has been at the forefront of international scholarship in this domain This anniversary volume seeks to make the modern study of Western esotericism known beyond specialist circles while addressing a range of misconceptions biases and prejudices that still tend to surround it Thirty major scholars in the field respond to questions about a wide range of unfamiliar ideas traditions practices problems and personalities that are central to this area of research By challenging many taken for granted assumptions about religion science philosophy and the arts this volume demonstrates why the academic study of esotericism leads us to reconsider much that we thought we knew about the story of Western culture

High Weirdness Erik Davis, 2019-11-05 An exploration of the emergence of a new psychedelic spirituality in the work of Philip K Dick Terence McKenna and Robert Anton Wilson A study of the spiritual provocations to be found in the work of Philip K Dick Terence McKenna and Robert Anton Wilson High Weirdness charts the emergence of a new psychedelic spirituality that arose from the American counterculture of the 1970s These three authors changed the way millions of readers thought dreamed and experienced reality but how did their writings reflect as well as shape the seismic cultural shifts taking place in America In High Weirdness Erik Davis America's leading scholar of high strangeness examines the published and unpublished writings of these vital iconoclastic thinkers as well as their own life changing mystical experiences Davis explores the complex lattice of the strange that flowed through America's West Coast at a time of radical technological political and social upheaval to present a new theory of the weird as a viable mode for a renewed engagement with reality
