

## *Wash Of Cold River*

*Wash of cold river  
in a glacial land,  
Ionian water,  
chill, snow-ribbed sand,  
drift of rare flowers,  
clear, with delicate shell-  
like leaf enclosing  
frozen lily-leaf,  
camellia texture,  
colder than a rose;*

*wind-flower  
that keeps the breath  
of the north-wind --  
these and none other;*

*intimate thoughts and kind  
reach out to share  
the treasure of my mind,  
intimate hands and dear  
drawn garden-ward and sea-ward  
all the sheer rapture  
that I would take  
to mould a clear  
and frigid statue;*

*rare, of pure texture,  
beautiful space and line,  
marble to grace  
your inaccessible shrine.*

*Hilda Doolittle*

Shafer, 2014-01-01 *Essays on Eddic Poetry* presents a selection of important articles on Old Norse literature by noted medievalist John McKinnell While McKinnell's work addresses many of the perennial issues in the study of Old Norse this collection has a special focus on the interplay between heathen and Christian world views in the poems Among the texts examined are *Hvamml* which includes an elegantly cynical poem about inn's sexual intrigues and a more mystical one about his self sacrifice on the world tree in order to gain magical wisdom *Vlundarkvi* a which recounts an elvish smith's revenge for his captivity and maiming and *Hervararkvi* a where the heroine bravely but foolishly raises her dead father to demand the deadly sword *Tyrfingr* from him Originally published between 1988 and 2008 these twelve essays cover a wide range of mythological and heroic poems and have been revised and updated to reflect the latest scholarship *Old Formalism: Character in Contemporary American Poetry (p)* Jonathan Holden, 1999

The Bioregional Imagination Cheryll Glotfelty, Karla Armbruster, Tom Lynch, 2012-03-01 Bioregionalism is an innovative way of thinking about place and planet from an ecological perspective Although bioregional ideas occur regularly in ecocritical writing until now no systematic effort has been made to outline the principles of bioregional literary criticism and to use it as a way to read write understand and teach literature The twenty four original essays here are written by an outstanding selection of international scholars The range of bioregions covered is global and includes such diverse places as British Columbia's Meldrum Creek and Italy's Po River Valley the Arctic and the Outback There are even forays into cyberspace and outer space In their comprehensive introduction the editors map the terrain of the bioregional movement

including its history and potential to inspire and invigorate place based and environmental literary criticism Responding to bioregional tenets this volume is divided into four sections The essays in the Reinhabiting section narrate experiments in living in place and restoring damaged environments The Rereading essays practice bioregional literary criticism both by examining texts with strong ties to bioregional paradigms and by opening other less obvious texts to bioregional analysis In Reimagining the essays push bioregionalism to evolve by expanding its corpus of texts coupling its perspectives with other approaches or challenging its core constructs Essays in the Renewal section address bioregional pedagogy beginning with local habitat studies and concluding with musings about the Internet In response to the environmental crisis we must reimagine our relationship to the places we inhabit This volume shows how literature and literary studies are fundamental tools to such a reimagining
