Colette Omnibus:

The Colette Omnibus Colette, 1977 **The Colette Omnibus**, 1974* **Colette Omnibus** Colette, 1987 **Grand Finales** Susan Gubar, 2025-06-10

One of our most formidable literary critics explores how nine women artists flourished creatively in their final acts. In 2008, academic and scholar Susan Gubar was told by a trusted oncologist that she had only a few years left to live. Though she outlived that dire prognosis, this brush with mortality refocused her attention on the boons of a longevity she did not expect to experience. She began to think: In the last years of our lives, can we shape and change our creative capabilities? The resulting volume, *Grand Finales*, answers this question with a resounding yes. Despite the losses generally associated with aging, quite a few writers, painters, sculptors, musicians, and dancers have managed to extend and repurpose their creative energies. Gubar spotlights very creative old ladies: writers, painters, sculptors, musicians, and dancers from the past and in our times. Each of *Grand Finales*'s nine riveting chapters features women artists: George Eliot, Colette, Georgia O'Keeffe, Isak Dinesen, Marianne Moore, Louise Bourgeois, Mary Lou Williams, Gwendolyn Brooks, and Katherine Dunham, who transformed the last stage of existence into a rousing conclusion. Gubar draws on their late lives and works to suggest that seniority can become a time of reinvention and renewal. With pizzazz, bravado, and geezer machismo, she counters the discrediting of elderly women and clarifies the environments, relationships, activities, and attitudes that sponsor a creative old age.

[Encyclopedia of Feminist Literature](#) Mary Ellen Snodgrass, 2015-04-22. Presents articles on feminist literature including significant authors, themes, and history.

[Russian and West European Women, 1860-1939](#) Marcelline J. Hutton, 2001-08-14. This ambitious study provides a sweeping overview of the position of women in England, France, Germany, and Russia (USSR) during a seminal period in world history. Comparing Russian and European women's quest for respectability, self-realization, justice, and simple survival from 1860-1939, the book illustrates their struggles to realize their dreams and their resourcefulness in coping with often dreary, hard, even horrifying lives. Deftly combining statistical data to underscore collective experiences and belles lettres to highlight the texture of individual women's lives, the book assesses the significance of gender, class, nationality, and religion. Through vivid description, this history conveys a comprehensive picture of women's social, educational, economic, and political position in the late nineteenth and early twentieth century. This richly researched work traces common patterns and unique experiences in women's lives, showing how they defined themselves, coped with daily life, and confronted disaster with courage and resourcefulness.

Still We Danced Forward Rhonda Sonnenberg, 1998. Over the last 20 years, there has been an increasing interest in feminist views of the Italian literary tradition. While feminist theory and methodology have been accepted by the academic community in the U.S., the situation is very different in Italy, where such work has been done largely outside the academy. Among nonspecialists, knowledge of feminist approaches to Italian literature and even of the existence of Italian women writers remains scant. This reference work, the first of its kind on Italian literature, is a companion volume for all who wish to investigate Italian literary culture and

writings both by women and by men in light of feminist theory Included are alphabetically arranged entries for authors schools movements genres and forms figures and types and similar topics related to Italian literature from the Middle Ages to the present Each entry is written by an expert contributor and summarizes feminist thought on the subject Entries provide brief bibliographies and the volume concludes with a selected general bibliography of major studies This volume covers eight centuries of Italian literature from the Middle Ages to the present Included are entries for major canonical male authors such as Dante Petrarch and Boccaccio as well as for female writers such as Lucrezia Marinella and Gianna Manzini These entries discuss how the authors have shaped the image of women in Italian literature and how feminist criticism has responded to their works Entries are also provided for various schools and movements such as deconstruction Marxism and new historicism for genres and forms such as the epic devotional works and misogynistic literature for figures and types such as the enchantress the witch and the shepherdess and for numerous other topics Each entry is written by an expert contributor summarizes the relationship of the topic to feminist thought and includes a brief bibliography The volume closes with a selected general bibliography of major studies
