City of Order Michael Boudreau, 2012-05-15 Interwar Halifax was a city in flux a place where citizens debated adopting new ideas and technologies but agreed on one thing modernity was corrupting public morality and unleashing untold social problems on their fair city To create a bulwark against further social dislocation citizens policy makers and officials modernized the city's machinery of order courts prisons and the police force and placed greater emphasis on crime control These tough on crime measures Boudreau argues did not resolve problems but rather singled out ethnic minorities working class men and female and juvenile offenders as problem figures in the eternal quest for order **The Naval Review**, 1911

The Uncommon Denominator Richard Hirsch, 2004 The Uncommon Denominator presents a spectrum of aesthetic eloquence and technical mastery in the ceramic arts Hirsch has achieved professional recognition both as a ceramic artist and teacher Indian-made Erika Marie Bsumek, 2008 In works of silver and wool the Navajos have established a unique brand of American craft And when their artisans were integrated into the American economy during the late nineteenth century they became part of a complex cultural and economic framework in which their handmade crafts conveyed meanings beyond simple adornment Bsumek unravels the layers of meaning that surround the branding of Indian made When Navajo artisans produced their goods collaborating traders tourist industry personnel and even ethnologists created a vision of Navajo culture that had little to do with Navajos themselves And as Anglos consumed Navajo crafts they also consumed the romantic notion of Navajos as primitives perpetuated by the marketplace These processes of production and consumption reinforced each other creating a symbiotic relationship and influencing both mutual Anglo Navajo perceptions and the ways in which Navajos participated in the modern marketplace Ultimately Bsumek shows that the sale of Indian made goods cannot be explained solely through supply and demand It must also reckon with the multiple images and narratives that grew up around the goods themselves integrating consumer culture tourism and history to open new perspectives on our

group of aliens on Earth would cause more havoc than good the Argolians have chosen one reluctant human to try and save the planet After intensive training John Savage takes command of the Argolians gift a small craft that is one of the most powerful weapons in the universe Can Earth s newest hero succeed To do so Savage must not only overcome his own fears of failure but also defeat the Kontarian spies placed on Earth years before These aliens will do anything to possess Savage s ship and delay his training until the Kontarian fleet arrives
