Crazy In Alabama:

Crazy in Alabama Mark Childress,1993 The tale of Peejoe an orphan boy who comes of age during a racially restless summer in the Alabama and his aunt Lucille who jumps at the chance to escape her life for a role on the Beverly Hillbillies

[Gone Crazy in Alabama](#) , **The Real South** Scott Romine,2008-06 In this stimulating study Scott Romine explores the impact of globalization on contemporary southern culture and the South s persistence in an age of media and what he terms cultural reproduction Rather than being compromised Romine asserts southern cultures are both complicated and reconfigured as they increasingly detach from tradition in its conventional sense In considering Souths that might appear fake the Souths of the theme restaurant commercial television and popular regional magazines for example Romine contends that authenticity and reality emerge as central concepts that allow groups and individuals to imagine and navigate social worlds Romine addresses a major critical problem authenticity in a fundamentally new manner Less concerned with what actually constitutes an authentic or real South than in how these concepts are used today The Real South explores a wide range of southern narratives that describe and travel through virtual simulated and commodified Souths Where earlier critics have tended to assume a real or authentic South Romine questions such assumptions and whether the authentic South ever truly existed From *Gone with the Wind* Civil War reenactments and a tennis community outside Atlanta called Tara to the work of Josephine Humphreys the travel narrative of V S Naipaul and the historical fiction of Lewis Nordan Romine examines how narratives and spaces are used to fashion social solidarity and cultural continuity in a time of fragmentation and change Far from deteriorating or disappearing in a global economy Romine shows the South continues to be reproduced and used by diverse groups engaged in diverse cultural projects

Table Lands Kara K. Keeling,Scott T. Pollard,2020-06-04 Food is a signifier of power for both adults and children a sign of both inclusion and exclusion and of conformity and resistance Many academic disciplines from sociology to literary studies have studied food and its function as a complex social discourse and the wide variety of approaches to the topic provides multidisciplinary frames for understanding the construction and uses of food in all types of media including children s literature *Table Lands* Food in Children s Literature is a survey of food s function in children s texts showing how the sociocultural contexts of food reveal children s agency Authors Kara K Keeling and Scott T Pollard examine texts that vary from historical to contemporary noncanonical to classics and Anglo American to multicultural traditions including a variety of genres formats and audiences realism fantasy cookbooks picture books chapter books YA novels and film *Table Lands* offers a unified approach to studying food in a wide variety of texts for children Spanning nearly 150 years of children s literature Keeling and Pollard s analysis covers a selection of texts that show the omnipresence of food in children s literature and culture and how they vary in representations of race region and class due to the impact of these issues on food Furthermore they include not only classic children s books such as *Winnie the Pooh* but recent award winning multicultural novels as well

as cookbooks and even one film Pixar's *Ratatouille* [The Real Steele: The Unauthorized Biography of Dakota Johnson](#) Marc Shapiro, 2015-02-09 Those who don't believe in miracles should take a look at what brought Dakota Johnson from obscurity to the pinnacle of stardom as Anastasia Steele in the motion picture *Fifty Shades of Grey*. But who is Dakota Johnson? A surprisingly accomplished and driven actress. This is not some celebrity kid given a plum role because of her connections to old world Hollywood. In *The Real Steele: The Unauthorized Biography of Dakota Johnson* you'll see how she went from a life of tranquility and yes, privilege at the feet of superstar parents Don Johnson and Melanie Griffith to a determination to succeed that has led her down many paths. First there was a career as an international model, then to growing recognition in a string of successful studio and independent films, and finally to her big break in *Fifty Shades of Grey*. Johnson has proven a literal force of nature, always moving forward and always using a natural sense of positive energy to dissuade the naysayers who would line up to take her down. Through exclusive interviews with childhood friends and acting coaches, Marc Shapiro has put Johnson's life and times much like the actress herself in a straightforward and always enticing biography.

Race Mixing Suzanne W. Jones, 2004-03-16 Employing a dynamic model of the relationship between text and context, Jones shows how more than thirty relevant writers, including Madison Smartt Bell, Larry Brown, Bebe Moore Campbell, Thulani Davis, Ellen Douglas, Ernest Gaines, Josephine Humphreys, Randall Kenan, Reynolds Price, Alice Walker, and Tom Wolfe, illuminate the complexities of the color line and explore problems in defining racial identity today. **New York**, 1999 **Flannery at the Grammys** Irwin H. Streight, 2024-06-20 A devout Catholic, a visionary, and some say prophetic writer, Flannery O'Connor (1925-1964) has gained a growing presence in contemporary popular culture. While O'Connor professed that she did not have an ear for music, allusions to her writing appear in the lyrics and narrative form of some of the most celebrated musicians on the contemporary music scene. *Flannery at the Grammys* sounds the extensive influence of this southern author on the art and vision of a suite of American and British singer-songwriters and pop groups. Author Irwin H. Streight invites critical awareness of O'Connor's resonance in the products of popular music culture in folk, blues, rock, gospel, punk, heavy metal, and indie pop songs by some of the most notable figures in the popular music business. Streight examines O'Connor's influence on the art and vision of multiple Grammy Award winners: Bruce Springsteen, Lucinda Williams, R.E.M., and U2, along with celebrated songwriters Nick Cave, PJ Harvey, Sufjan Stevens, Mary Gauthier, Tom Waits, and others. Despite her orthodox religious and at times controversial views and limited literary output, O'Connor has left a curiously indelible mark on the careers of the successful musicians discussed in this volume. Still, her acknowledged influence and remarkable presence in contemporary pop and rock songs has not been well noted by pop music critics and/or literary scholars. Many years in the making, *Flannery at the Grammys* achieves groundbreaking work in cultural studies and combines in depth literary and pop music scholarship to engage the informed devotee and the casual reader alike.

Speech and Silence in Contemporary Children's Literature Danielle E. Price, 2023-10-31 *Speech and Silence in Contemporary Children's Literature* brings a fresh

perspective to a central literary question Who speaks by examining a variety of represented silences These include children who do not speak do not yet speak effectively or speak on behalf of others A rich and unexamined literary archive explores the problematics of children who are literally silent or metaphorically so because they cannot communicate effectively with adults or peers This project centers children s literature in the question of voice by considering disability gender race and ecocriticism Children s literature rests on a paradox at the root of its own genre it is produced by an adult author writing to a constructed idea of what children should be By reading a range of contemporary children s literature this book scrutinizes how such texts narrate the child s journey from communicative alterity to a place of empowered adult speech Sometimes the child s verbal enclosure enables privacy and resistance At other times silence is coerced or imposed or arises from bodily impairment Children may act as intermediaries speaking on behalf of species that cannot Recently we have seen children exercise their voices on the world stage and as authors In all cases the texts analyzed here reveal speech as a minefield to be traversed Children who talk too much too little or with insufficient expertise pose problems to themselves and others Implicitly and sometimes explicitly they attempt to hold adults to account inside and outside the text *Speech and Silence in Contemporary Children s Literature* addresses this underconceptualized subject in what will be an important text for scholars of children s literature childhood studies English disability studies gender studies race studies ecopedagogy and education
