Origins Lewis Dartnell, 2019-05-14 A New York Times bestselling author explains how the physical world shaped the history of our species. When we talk about human history we often focus on great leaders, population forces, and decisive wars. But how has the earth itself determined our destiny? Our planet wobbles, driving changes in climate that forced the transition from nomadism to farming. Mountainous terrain led to the development of democracy in Greece. Atmospheric circulation patterns later on shaped the progression of global exploration, colonization, and trade. Even today, voting behavior in the south east United States ultimately follows the underlying pattern of 75 million year old sediments from an ancient sea. Everywhere is the deep imprint of the planetary on the human. From the cultivation of the first crops to the founding of modern states, *Origins* reveals the breathtaking impact of the earth beneath our feet on the shape of our human civilizations.

Journey of the Heart: Should I Stay, or Should I Go? Tanya Harris, 2025-04-01 *Journey of the Heart: Should I Stay or Should I Go* is an exploration of one of life's most challenging questions: Should you stay in a relationship or move on? Through personal anecdotes, scriptures, and a curated playlist of evocative songs, this book guides readers on a sensory journey of self-discovery and decision-making. With each chapter, you'll find yourself reflecting deeply on your own relationships. You'll use your phone or computer to look up suggested songs and scriptures, immersing yourself in the emotions they evoke. The lyrics might surprise you, offering new insights and aha moments that you didn't expect. As you navigate the emotional rollercoaster of love, faith, and music, you'll consider the wisdom of Al Green's "Let's Stay Together" and the contemplation of The Clash's "Should I Stay or Should I Go." Whether you're a married couple at a crossroads, single and pondering your next step, or simply seeking clarity, this book will help you find the strength and faith to make the right decision for yourself. Join me on this fantastic voyage of love and life, where every song, scripture, and story is a step toward answering the ultimate question: Can you do life without them, and do you really want to?

Lawyering from the Inside Out Nathalie Martin, 2018-06-07 Law is a varied, powerful, and highly rewarding profession. Studies show, however, that lawyers have higher rates of alcoholism, divorce, and even suicide than the general population. Stress creates these poor outcomes, including the stress of dealing with other people's problems all day, the stress of spending excessive amounts of time at work, and the stress of being disconnected to what is most meaningful in life. Through mindfulness and emotional intelligence training, lawyers can improve focus, get more work done in less time, improve their interpersonal skills, and seek and find work that will make their lives more meaningful. This book is designed to help law students and lawyers of all experience levels find a sustainable and meaningful life in the field of law. This book includes journaling and other interactive exercises that can help lawyers find peace, focus, meaning, and happiness over a lifetime of practicing law.
