Creating Sustainable Work Systems Emerging Perspectives And Practice:

Creating Sustainable Work Systems Peter Docherty, Jan Forslin, Abraham B. Shani, 2002 Considers how the balance between intensive and sustainable work can be achieved by looking at existing possibilities and emerging solutions exploring some alternatives to intensive work systems

Creating Sustainable Work Systems Jan Forslin, Peter Docherty, A.B. (Rami) Shani, 2005-07-05 Current trends reveal that increasing intensity at work has major consequences at individual organizational and societal levels New organizational approaches to work are needed so the balance between intensive and sustainable work can be achieved yet there are no guiding models theories or examples on how this can be done In exploring the development of sustainable work systems this book analyzes these problems and provides the basis for designing and implementing sustainable work systems based on the idea of regeneration and the development of human and social resources Shedding light on the emerging work systems this book describes existing problems and paradoxes The researchers from various academic disciplines and institutions in the US and Europe consider the existing possibilities and emerging solutions and explore alternatives to intensive work systems

Productive Reflection at Work David Boud, Peter Cressey, Peter Docherty, 2006-05-17 This book is an accessible entry point into the theory and practice of work reflection for students and practitioners Taking a cross disciplinary approach it covers management education organizational psychology and sociology drawing on examples from Europe the Middle East North America and Australia It traces reflection at work from an emphasis on training through a focus on how organizations learn to a concern with the necessary learning groups to operate effectively It emphasizes productivity combined with satisfying lived experience of work life and points the way to a new collective focus on learning at work

Workplace Health Promotion Anders Hanson, 2007 Workplace Health Promotion A salutogenic approach A strategy for the future of business When company performance and economic sustainability depends on peoples participation wellbeing and health Read about how workplace health promotion contributes to this with a salutogenic approach This book takes the Ottawa Charter for Health Promotion one step further Salutogenesis Antonovsky helped us to understand the logic of health promotion by means of the continuum model which describes human health as something dynamic with movement and direction From a given point on the health continuum the line between the twin poles of health and illness different conditions or measures can act to improve the individual s health so that he or she is moved nearer towards the health pole This state of health can be superior both when measured in physiological terms and when considered subjectively in terms of the feeling of health experienced What is there in people s way of life or in them as persons which functions as a general factor of resistance to illness What can be done not only to see that health is preserved but that it can even be improved With the help of the idea of salutogenesis this strategy can be developed into an approach of its own which clearly differs from both curative and preventive health work
