Dynamics of the new Creation with study notes Tony Smits, Tony Smits B.Th, 2011

Divine Creativity Obiora Okafor, 2020-08 Words are the most powerful force in the universe an understanding of how it works makes you unbeatable in the battles of life Through some research I discovered that the worlds were framed by the words of the Architect of the universe the Almighty God The first man Adam formed by God the Creator has diverse divine abilities inside him right from the day he was created on the earth For this reason the ability to speak and cause things to come into existence or to bring changes into situations is divinely inborn in the human race In the beginning of life on the earth everything that was created came as a result of the words spoken and things came to be via the declarations of God The earth was seen in a chaotic condition without form and an empty waste and darkness was upon the face of the very deep Meanwhile God through His word began to shape the earth to what it is today For this reason man being God s representative on the earth has the capacity to create through the same manner This great uniqueness we have in God has been specified in the bible verse below I said you are gods sine you judge on my behalf as My representatives indeed all of you are children of the Most High Psalms 82 6 AMP Consequently with this information in view it s high time We begun to take full advantage of this truth as we redesign our lives and our world to what it s originally made to be before the fall of the first man Adam In this book we shall be looking at some discoveries that have been made in history and in present times This facts will enable us have a good understanding on how to put to work the divine ability deposited in man King Solomon was the wisest and wealthiest man that ever lived beside Jesus Christ and to a large extent he unfolded the potential available in the tongue as stated below Life and death are in the power of the tongue and those that love it shall eat the fruit thereof Proverbs 20 21 From what is acknowledged above it may perhaps interest you to know that some of the incidents in and around your life are relatively the out come of words you or someone deliberately or unconsciously said in the time past Words make either positive or negative impacts in our lives whether we know it believe it or otherwise It has been said that ignorance is not an excuse As you read this book God will open your spiritual and physical senses to enable you know and value the mystery of words as in how it affects your life and destiny To know also how to use words to create results in any given situation or condition in your life and the lives of people that you will certainly meet in your life era More importantly given to the dynamism of the human race the need for us to be knowledgeable on when and how to direct the words that come out of the mouth is most essential All the information and revelations in the pages of this book are printed to keep you safe and successful throughout your life journey Study believe and be obedient then you shall eat the good of the land Shalom
