Lang,1992 *Whitby Road: A Journey from darkness to light* Judith N. Hennersdorf,2026-03-21 Whitby Road is the moving autobiographical story of a journey from the deepest darkness into the light With plenty of humor raw honesty and gripping suspense I recount how as a young mother with a baby I suddenly found myself homeless on the streets of London stranded between fear shame loneliness and the agonizing question What on earth am I going to do now At a time when every night became a test of survival and every new day was marked by relentless uncertainty all hope seemed lost I had no roof over my head no social safety net to catch me and no vision of the future for my helpless child The cold of the nights the hunger the constant fear of danger all of it threatened to break me Yet it was precisely in this deep despair and hopelessness that God met me in a most unexpected very personal way Through His immeasurable grace and love He sent people complete strangers who were like angels in the right place at the right time They helped me selflessly bringing food and warm clothes giving me a bed for the night listening patiently comforting me in my tears and becoming visible instruments of His care At the same time God protected me from sinister figures who wanted to take advantage of me and plunge me into even greater suffering Amidst disorientation and inner turmoil I began to realize I was not alone Above my chaos reigned a divine **Whimsical Masks** Jacqueline Zanini,2005-03 The power of a hermaphrodite who becomes a faceless woman the passion of a psychiatrist who becomes a witch and films with her eyes all the transformations of the theater stage She slowly captures the unexpected becomings which surpass the linguistic conceptions of signs and bloom into poetical signs Whimsical Masks is surrounded by the continuous sound of a waterfall and it takes place on a theater stage at a splitting and uncertain present where life and death lose their meanings whereas the characters interact poetically

by flickering their lights outside the chronological succession of time They have incessantly been dancing with the colorful threads of their existences where the real and the imaginary mingle into possible pasts throughout indeterminate and multiple futures and into the labyrinthine presents The force that springs from the characters becoming turns them into the conductor of a ballet that oscillates among incongruous uncertain time and virtual spaces which cannot be fixed measurable or linear
