The Richard Prince Thrillers Alex Gerlis, 2022-06-23 Full of intrigue and peril, this gripping WWII spy series will have you sitting on the edge of your seat. Includes all four books in The Richard Prince Thrillers series: Prince of Spies, Sea of Spies, Ring of Spies, and End of Spies. Prince of Spies 1942: A German spy comes ashore on a desolate stretch of Lincolnshire beach. He is hunted down by a young detective, Richard Prince. The secret services need a man like him. In occupied Europe, Denmark is a hotbed of problems for British intelligence. Rumours of a war-ending weapon being developed by the Germans are rife. Sent to Copenhagen, Prince is soon caught in a deadly game of cat and mouse. Dodging Gestapo agents, SS muscle, and the danger of betrayal, his survival and the war effort hang in the balance. Sea of Spies: The Allies are desperate to stop neutral Turkey supplying vital materials to the Nazis, materials which could help them win the war. But then a British agent makes a fatal mistake and disappears in Istanbul. In England, detective turned spy Richard Prince back from a clandestine mission in Nazi-occupied Europe is hunting for his lost son. Before long, he is drawn into a dangerous follow-up operation posing as a journalist in Turkey. The mission soon goes wrong. Stranded hundreds of miles behind enemy lines, Prince will have to find evidence of the Turks' secret trade with the Nazis as well as a way out. Ring of Spies: Berlin 1939. A German intelligence officer learns a top agent is quickly moving up the British Army ranks. He bides his time. Arnhem 1944. British paratroopers have been slaughtered in one of the bloodiest battles of the Second World War. A shell-shocked officer is convinced the Germans knew they were coming. But who betrayed them? Back in London, Richard Prince is approached by MI5 about a counterintelligence operation. Information is leaking, and British troops are dying. Can Prince stop it and crack the suspected spy ring? End of Spies: British agent Richard Prince and the Danish spy Hanne Jakobsen come together for a vital mission to find a Nazi war criminal responsible for the murder of fellow British agents. The hunt takes them on a perilous journey through Europe in the immediate aftermath of the Second World War. They unearth a secret Nazi escape line funded by British traitors, and it's one which could lead them to Hitler's trusted deputy, Martin Bormann. But when the Americans become involved, it is no longer certain who's on which side.

managed to stay at large for five months before eventually committing suicide Jan Willem Ter Braak Amazingly his background and objectives had always remained unclear and none of the other Lena spies had ever even heard of him Even after the opening of the secret service files in England and the Netherlands over 50 years later Jan Willem Ter Braak remained a mystery man as the military historian Ladislav Farago famously described him In this book the author his near namesake examines the short and tragic life of Jan Willem Ter Braak for the first time Using in depth research he investigates the possibility that Ter Braak was sent to kill the British Prime Minister Winston Churchill and discovers why his fate has remained largely unknown for so long *Current Population Survey, how to List United States.
