An Audio Spiritual Experience
with Robert Burney M.A.

This inspirational tape set is the recording of a book which presents a set of beliefs about the meaning and purpose of life from a Cosmic Perspective that combines Twelve Step Recovery principles with Ancient (and New Age) Spiritual Truths. It is based on a talk which the author has been giving for several years to audiences that have been deeply moved and overwhelmingly positive in their response. however your book let me organize my thoughts a new way a new perspective I now have a much deeper understanding and am still learning from it Dance is one of the truly transformational works of our time When I found your book I found myself I am a 52 year old psychotherapist and have struggled with codependency all my life Up until tonight I have been disappointed in the literature and treatment of codependency Your work is brilliant I can't find words to express my appreciation with the depth I am feeling I finished your book you are a rock star Already had a friend order it She wanted to borrow mine and I told her I'd sooner give her my hand I truly believe that I have made more progress on a personal level in the few weeks I have had Robert's book than in the preceding eight plus years when I first found out what codependency was After years of analysis and reading many self help books on other subjects to try to find out the answers about my struggles in my life I had always been under the impression that the subject of codependency was a term referring to people who enable alcoholics or drug dependent people so I never even thought to read up on it Now after reading your writings a miraculous door of insight has opened up for me and many pieces of the puzzle are finally falling into place I can't thank you enough for the very profound spiritual healing your book has provided to me I cannot express in words that which I feel as a result of having truly heard your message of self love and spiritual awakening Your message has forever changed my path in this lifetime Thank you so much for sharing your perceptions and experiences in your book I have read and studied many authors on this healing journey of mine but you really relate to all of my issues like no one else I have read over 300 books in the past few years but you explain everything in simple but yet so enlightening truths God bless you and you are making a difference to many Oprah needs to read your work I love the fact that you are able to clearly bridge and tie in Christian teachings and so called New Age philosophies in a clear and concise way for so many to hear at the same time Thank you Mr Burney Your book saved me from the depths of my despair and my life has new direction and purpose now I can never thank you enough I've read your book at least 20 times Your a brilliant inspiring writer You have made a great difference in my outlook Just finished your book wow it's truly an amazing act of grace when the right information comes at just the right time Thank you for writing this book Thank You for sharing your journey through your work Dance of The Wounded Souls is a spiritual masterpiece Before I discovered your book I was in a very dark place emotionally so much so that i really thought I was never going to come through it I was drinking every night and was so ill i couldn't even move from the house thank god i found you Healing the Wounds of Codependence Darcy S Clarke,2013-08-05 In this practical Guide to recovery from codependence Darcy S Clarke expands the existing understanding of this condition by asserting that its underlying cause is a lack of awareness of or no conscious connection with our soul Offering a compassionate perspective on how we suffer from both family based shame and rigid culturally imposed expectations Darcy views the five major core patterns of codependence as symptoms of spiritual dis ease Packed with user friendly charts worksheets checklists and experiential exercises that offer transformative insights to those willing to explore the pain of dysfunctional beliefs behaviors and relationships this Guide assists readers to reclaim
