Cold War And After

Richard K. Betts

Cold War And After:

The Cold War and After Marc Trachtenberg, 2012-03-12 A new way of looking at international relations from a leading expert in the field What makes for war or for a stable international system Are there general principles that should govern foreign policy In *The Cold War and After* Marc Trachtenberg a leading historian of international relations explores how historical work can throw light on these questions The essays in this book deal with specific problems with such matters as nuclear strategy and U S European relations But Trachtenberg s main goal is to show how in practice a certain type of scholarly work can be done He demonstrates how in studying international politics the conceptual and empirical sides of the analysis can be made to connect with each other and how historical theoretical and even policy issues can be tied together in an intellectually respectable way These essays address a wide variety of topics from theoretical and policy issues such as the question of preventive war and the problem of international order to more historical subjects for example American policy on Eastern Europe in 1945 and Franco American relations during the Nixon Pompidou period But in each case the aim is to show how a theoretical perspective can be brought to bear on the analysis of historical issues and how historical analysis can shed light on basic conceptual problems *The Cold War and After* Sean M. Lynn-Jones, 1991 This collection of articles from the journal *International Security* focuses on the future of Europe however the analysis can be applied to any continent The first four essays look at the sources of the post 1945 peace and consider whether the threat of nuclear weapons or other factors have acted as a deterrent to war The next three essays debate whether the new Europe will see war or peace and offer different prescriptions for preventing a return to chaos **America's Half-Century** Thomas J. McCormick, 1995-02 Revised and updated through 1993 it describes how the end of the Cold War affected the United States s global role as well as suggesting what possibilities lie ahead for a restructured world system [The Cold War and After](#) Richard Saull, 2007-02-19 Leading scholars discuss ideology and hotly contested post structuralist theory [The Cold War](#) Ralph B. Levering, 2016-02-16 Now available in a fully revised and updated third edition *The Cold War A Post Cold War History* offers an authoritative and accessible introduction to the history and enduring legacy of the Cold War Thoroughly updated in light of new scholarship including revised sections on President Nixon s policies in Vietnam and President Reagan s approach to U S Soviet relations Features six all new counterparts sections that juxtapose important historical figures to illustrate the contrasting viewpoints that characterized the Cold War Argues that the success of Western capitalism during the Cold War laid the groundwork for the economic globalization and political democratization that have defined the 21st century Includes extended coverage of the Cuban Missile Crisis the most dangerous confrontation of the nuclear age thus far **The Origins of the Cold War** , 2006 **After Sputnik** Alan J. Levine, 2017 On October 4 1957 in the midst of the Cold War the Soviet Union launched Sputnik I the first artificial earth satellite For the West and especially the United States it was a shattering blow to national morale and pride It led to a deep seated fear that the Soviet Union would surpass the United States in both

technology and power and that even nuclear war might be near After Sputnik shows that the late 1950s were not an era of complacency and smugness but were some of the most anxious years in American history The Cold War was by no means a time of peace It was an era of a different kind of battle one that took place in negotiations and in the internal affairs of many countries but not always on the battlefield While many choose to remember President Eisenhower as a near pacifist his actions in Lebanon the Taiwan Straits crisis Berlin and elsewhere proved otherwise Seconded by his able secretary of state John Foster Dulles he steered America through some of the most difficult parts of the Cold War not always succeeding but preventing disaster The Middle East and Berlin crises the Indonesian Civil War Fidel Castro's rise to power and other events are all bluntly discussed in the light of Western and other illusions and delusions In this engaging history Alan J Levine delves deeply into this often misrepresented period of history and provides new insight into one of the most formative decades in American history

Why Cold War Again? Stephen F. Cohen, 2025-06-30 In this book Stephen F Cohen traces the history of this East West relationship in the Inter Cold War period the years from the purported end of the preceding Cold War in 1990 1991 to what he has long argued would be a new and even more dangerous Cold War

[The Cold War After Stalin's Death](#) Klaus Larres, Kenneth Alan Osgood, 2006-10-12 After Stalin's death in March 1953 the Cold War changed almost overnight The Soviet Union embarked on a course of reconciliation and greater openness However despite an end to the Korean War and progress on many other outstanding East West questions the Western world remained mistrustful of Soviet motives and policies and Soviet leaders remained suspicious of Western intentions Less than a decade after Stalin's death the Berlin Wall was erected and the Cuban Missile Crisis brought the world close to nuclear annihilation Was this development unavoidable Was an opportunity missed to overcome and terminate the Cold War Was there a possibility for the creation of a more stable less threatening and less costly world in both human and material terms It is only now after the end of the Cold War and based on recently declassified western documents and revelations from once closed archives in the former Soviet Union Eastern Europe and China that new light can be shed on the nature of international Cold War policies in the years after Stalin's death The essays in this book offer a historical understanding of this crucial period of the Cold War assessing both the possibilities for change and the obstacles to détente The book draws on the collective talents of an international group of scholars with a wide range of historical geographical and linguistic expertise All of the essays are based on original research many of them drawing from previously inaccessible archival documents from both the East and West This book should be read by everyone interested in the final stage of the defining conflict that was the Cold War Contributions by Csaba Békés Gnter Bischof Jeffrey Brooks Ira Chernus Jerald A Combs Lloyd Gardner Jussi M Hanhimäki Hope M Harrison Tsuyoshi Hasegawa Mark Kramer Klaus Larres Vojtech Mastny Kenneth Osgood Kathryn C Statler and Qiang Zhai

Improbable Dangers Robert H. Johnson, 1994-01-01 Why did U S policymakers so regularly exaggerate the Soviet threat during the Cold War And with the disappearance of the Soviet Union is this alarmist tendency likely to persist Robert H Johnson examines

these questions by using psychological and political analysis and focusing upon U S conceptions of threat in the European nuclear and Third World arenas of conflict He offers a different kind of Cold War revisionism concentrating on mistaken ideas about threats while accepting the reality of threat and the need for a policy of containment Within this framework American alarmism can be seen to stem from the human need for order and control and from the necessities of domestic politics *Improbable Dangers* advances a cyclical view of U S alarmism in the Cold War and includes numerous case studies Against this background it looks to the future critiquing emerging views of the fresh perils that may confront this country and suggesting broad guidelines for a more realistic U S foreign policy

After the Cold War Arthur I. Cyr, 1997-06-18 The end of the Cold War provides challenges and opportunities for American foreign policy leadership that arguably have been equalled in modern times only by the period in which the Cold War began With the collapse of the Soviet Union and communist regimes in Eastern Europe the partners of the Atlantic alliance have achieved a profound diplomatic and political victory of historic importance The international system which has resulted however arguably has more uncertainty and unpredictability than the familiar bipolar competition between the two superpowers and their allies The book describes these changes and provides suggestions for policy analysis and definition in the future There is extensive discussion of developments during the Reagan Bush and Clinton administrations with particular reference to the two regions of Europe and Asia There is a three fold division between intellectual structural and sociological dimensions of foreign policy focusing respectively on the ideas and themes alliance and other regional and international organizations including the private corporation and human dimensions which both define and influence evolving international relations A principal argument is that the extraordinary expansion of communication travel and economic activity and opportunity among industrialized nations has greatly enhanced American political and social influence There is considerable comparative discussion of Europe and Asia concluding that Britain and South Korea provide instructive examples for the understanding and conduct of foreign policy

American Presidential Statecraft Ronald E. Powaski, 2017-04-03 This book the second of two volumes examines the presidency in last half of twentieth century America and explores the successes and failures of presidents in their foreign policy initiatives It examines each president s ability to apply his skills to a foreign policy issue in the face of opposition that may come from a variety of sources including the Congress the Pentagon the State Department the press and often their own in house advisers This volume in particular focuses on John F Kennedy Lyndon Johnson Richard Nixon Ronald Reagan and George W Bush

U.S. Foreign Policy After the Cold War Randall B. Ripley, James M. Lindsay, 1997 This volume explores the revisions to a variety of U S bureaucratic institutions and policy areas in the wake of the political upheaval following the fall of the Soviet Union in 1991

Conflict After the Cold War Richard K. Betts, 2017-03-27 Edited by one of the most renowned scholars in the field Richard Betts *Conflict After the Cold War* assembles classic and contemporary readings on enduring problems of international security Offering broad historical and philosophical breadth the carefully chosen and

excerpted selections in this popular reader help students engage key debates over the future of war and the new forms that violent conflict will take Conflict After the Cold War encourages closer scrutiny of the political economic social and military factors that drive war and peace New to the Fifth Edition Original introductions to each of 10 major parts as well as to the book as a whole have been updated by the author An entirely new section Part IX on Threat Assessment and Misjudgment explores fundamental problems in diagnosing danger understanding strategic choices and measuring costs against benefits in wars over limited stakes 12 new readings have been added or revised Fred C Ikl The Dark Side of Progress G John Ikenberry China s Choice Kenneth N Waltz Why Nuclear Proliferation May Be Good Daniel Byman Drones Technology Serves Strategy Audrey Kurth Cronin Drones Tactics Undermine Strategy Eyre Crowe and Thomas Sanderson The German Threat 1907 Neville Henderson The German Threat 1938 Vladimir Putin The Threat to Ukraine from the West Eliot A Cohen The Russian Threat James C Thomson Jr How Could Vietnam Happen An Autopsy Stephen Biddle Afghanistan s Legacy Martin C Libicki Why Cyberdeterrence is Different

International Relations Today: Concepts and Applications Chatterjee,1900 Meant primarily for students studying international relations aspirants of civil services International Relations Today Concepts And Applications

Soviet-American Relations After the Cold War Robert Jervis,Seweryn Bialer,1991 Starting from the premise that glasnost and perestroika will not be reversed the contributors to this volume explore the terrain of possible Soviet American relations in the 1990s focusing on such topics as public opinion and the relationship of domestic policy to foreign policy Annotation copyrighted by Book News Inc Portland OR

The Palgrave Handbook of Anti-Communist Persecutions Christian Gerlach,Clemens Six,2020-12-07 This handbook explores anti communism as an overarching phenomenon of twentieth century global history showing how anti communist policies and practices transformed societies around the world It advances research on anti communism by looking beyond ideologies and propaganda to uncover how these ideas were put into practice Case studies examine the role of states and non state actors in anti communist persecutions and cover a range of topics including social crises capitalist accumulation and dispossession political clientelism and warfare Through its comparative perspective the handbook reveals striking similarities between different cases from various world regions and highlights the numerous long term consequences of anti communism that exceeded by far the struggle against communism in a narrow sense Contributing to the growing body of work on the social history of mass violence this volume is an essential resource for students and scholars interested to understand how twentieth century anti communist persecutions have shaped societies around the world today Chapter 7 is available open access under a Creative Commons Attribution 4 0 International License via link springer com

America After the Cold War Patrick N. Allitt,2020-01-22

The Post Cold War Order Ian Clark,2001 What changed with the end of the Cold War This book traces the main effects on Europe Pacific Asia the Middle East and arms control It considers the major developments in the global economy patterns of security and liberal human rights providing the first comprehensive overview of the nature of the post

Cold War order It argues that this order should be understood as a kind of peace settlement How harsh was it and what were its main provisions Following a clear structure Clark brings a clear historical perspective to bear on the existing debates about the post Cold War order looking at detailed studies of the settlement in Europe and other regions to explore the nature of the peace He develops a fresh way of looking at the global economy international security and the agenda of liberalism and human rights all as aspects of the peace set in place at the end of the Cold War *Power and Purpose* James M. Goldgeier, Michael McFaul, 2003 This work traces the formulation and evolution of American foreign policy toward the Soviet Union and Russia during the tumultuous and uncertain decade at the end of the Cold War It examines how American decision makers coped with opportunities and challenges presented by a new Russia
